

AMERICAN JEWS GENEROUS TO POLES

BERLIN, April 11.—At the annual meeting of the Hebrew Benevolent Society, Chairman Nathan paid a tribute to the work of the American Hebrews in supporting the sufferers in Poland, saying:

"The generosity of our American co-religionists is splendid and demands the warmest appreciation. It was no surprise to us, however, for we remembered that the same generosity was displayed in the relief of the pogrom victims in 1906."

Eighty thousand marks, for the most part in small money orders, was received by the association in today's mail. The total amount of subscriptions for the first ten days in April reached 300,000 marks. The average monthly receipts exceed 400,000 marks.

The report read at the annual meeting revealed that nearly 8,000,000 marks have been distributed to the Polish sufferers from America, since the beginning of the war. Nearly 100,000 letters monthly, addressed from and to America, have been received by the association copied and to expedited to their destination.

The association maintains relief kitchens in Poland, grants money aid and otherwise assists the sufferers from its own funds.

Nearly 700,000 Jews are in need of assistance in the occupied districts. The association makes no discriminations between Jews and Christians in the relief work.

Regular Service by Hill Line Is Planned

Beginning early in October each year the steamer Great Northern will maintain regular service to the winter months, Cal E. Stone, passenger traffic manager, announced today before leaving for St. Paul.

Beginning early in October each year the steamer Great Northern will maintain a ten-day service to Honolulu from San Francisco and San Pedro. The Northern Pacific probably will be kept

'GUILTY,' PLEADS WOMEN IN TEARS

While the police of several cities in the United States and Canada are rounding up members of an alleged arson ring which it is believed August Mundt and his wife Mary Mundt are principals, the couple pleaded guilty before Superior Judge Oden today to a charge of having fired a house at 3220 Florida street on the night of February 17 to collect on heavy over-insurance.

Mrs. Mundt was in tears as she was led back to the county jail after she and her husband had their cases referred to the probation officer. A report will be due on May 8.

Three other members of the alleged Mundt ring are under arrest. Reinhardt Groeman, a brother of Mrs. Mundt, has been re-arrested at Edmonton, Canada. Andrew Becker and daughter, said to be members of the same family and ring, are held in Los Angeles, while others are being sought by the police.

According to the Los Angeles authorities, the fire alleged to have been started by the Mundt ring covers a period of two years, including blazes in Los Angeles, Santa Cruz, San Jose, Oakland, Bellingham, Wash.; Milford, Ore.; Seattle and Phoenix, Arizona. It is believed that the gang profited to the extent of \$50,000.

12 Minutes Required to Free De Martini

MARTINEZ, April 11.—But twelve minutes were required for the jury to bring in a verdict of "Not Guilty" last night in the trial of the De Martini case, involving the taking of some \$500 from the San Ramon Valley Bank's branch at Danville last fall.

A night session of court was held, and the case brought to a quick finish. W. F. Tinning for the defense, and District Attorney Thomas B. Johnston for the State, took but an hour and a half each to sum up.

A large crowd filled the court room and overflowed in the street. Sentiment was with the defendant, John B. de Martini, former assistant cashier of the bank, but there was no demonstration when the verdict was rendered. Judge McKenzie having issued a warning against any outburst.

CHAMBER MUSIC IS FOR ROYAL EARS

Intimate Art of Aristocracy Not Easy of Appreciation in Municipal Opera House

(By HARRY L. SULLY)

There is something remote about chamber music which gives it the feeling of being an art of other days. It is not merely that music has evolved and changed since the time of "Papa" Haydn and Beethoven. The world has changed and has taken on a new aspect. Significantly, the French Revolution occurred a year or so prior to Haydn's death and changed forever the life of Europe. It was a step toward democracy, which contrasts ill with the aristocratic chamber music.

Chamber music is a music essentially of the aristocracy. "In the time of the Frankish kings," said Krehle, "the word chamber was applied to the room in the royal palace in which the monarch's private property was kept, in which he looked after his private affairs. When royalty took up the cultivation of music, it was as a private, not as a court function, and the entertainments were given for the entertainment of the family in the king's chamber or private room. The musicians were nothing more nor less than servants in the royal household. This relationship endured into the present century. Haydn was a 'householder' of Prince Esterhazy."

Chamber music played in a large theater or open house with a democratic audience large in numbers and variety, is an anachronism. So it was with a mixture of gratitude and regret that I listened to the Kneisel Quartet at the Municipal Auditorium last night. Gratitude that I should be permitted to listen to these superb musicians at all, regret that the conditions should fall short to such a degree from the ideal. For one should not listen to this music unaided of the aid of the day. The music is delicate, and hours spent delicately. It should be an intimate pleasure for a few friends, like-minded and at ease with one another. The joy of this music should be a dignified delight, a tender enthusiasm.

FITTING OPENING

It was fitting that the program should open with a Haydn quartet, that in D-

major, Haydn being not only the father of the symphony, but of string quartet. The concert was the first of the series under the auspices of the music section of the Oakland Teachers' Association, and some emphasis has been laid in these programs upon their educational, in addition to their artistic, value. It is well that it should be so, especially here in the West, where we are in a sense passing through the period as yet of our musical novitiate. How superfluous it is to say that the quartet was superbly rendered when speaking of the work of these musicians who for us set the standard by which this kind of music may be judged. Yet I must admit that of the four movements, only the second held me. I experienced that feeling described by Wagner when he said: "What listening to the best of this sort of music, it had often happened to me that I so completely lost the musical thread that by no manner of exertion could I find and knit it up again."

How beautiful was the voice of the viola speaking in the first movement of Smetana's "An Mein Liebchen," and that of the cello in the third movement. It has been complained that this number does not conform strictly to the canons of the quartet. Perhaps it was for that very reason I liked it better.

ENCORES AND APPLAUSE

The cello solos, Handel, Renard and Beethoven, played by Willem Wilke, were a delight to the ear. They were deeply appreciated and he was recalled for encores and applause.

Grazioso, the Russian, has given to chamber music a grip and a reality that makes it more vital than the rest of this program. He found a deeper response than any other composer on the program. Grainger's "Molly on the Shore," which has attained a fine popularity in its symphonic and lesser musical settings, was enthusiastically received.

I regret that the head of the program, chamber music, must be heard intimately. It may be that when the music machines shall have been a little more nearly perfected in tone production, that chamber music may take its place as an intimate delight in the home. But I cannot think that one hearing of so formal an art work, or hearings at necessarily lengthy intervals, of one selection, can make possible an intelligent appreciation of this music. One hearing should be played again and again before it would give up the secret of its beauty.

A word of suggestion for those who handle these concerts may not be out of place. They are intentionally educational. Why should not the head of the program be a little work by some enthusiast in the music section, and an extra coat of printing so slight as not to need consideration, could make these programs a source of added pleasure and instruction.

I regret that the head of the program, chamber music, must be heard intimately. It may be that when the music machines shall have been a little more nearly perfected in tone production, that chamber music may take its place as an intimate delight in the home. But I cannot think that one hearing of so formal an art work, or hearings at necessarily lengthy intervals, of one selection, can make possible an intelligent appreciation of this music. One hearing should be played again and again before it would give up the secret of its beauty.

Fear Foul Play in Richmond Death

RICHMOND, April 11.—Fearing that there may have been foul play, Chief of Police Walker is investigating the sudden death of Mrs. Thomas Rogers, 784 Eleventh street, this morning. Mrs. Rogers, who recently had been separated from her husband and who had been living with her four small children, was found dead in bed this morning. One of her children called a neighbor, Mrs. Mary Green, with the statement that "he could not wake mother up."

Mrs. Green reported the death to the police department and an autopsy will be performed in an effort to learn the cause of death. A search of the house did not reveal any poison or means of self-destruction.

"Shiloh" Is Theme of Le Conte Chapter

Members of the Joseph Le Conte Chapter of the United Daughters of the Confederacy met at the home of Mrs. A. K. Frye yesterday afternoon. The program was devoted to accounts of the battle of Shiloh, on which famous battlefield of the Civil war the Daughters of the Confederacy are erecting a monument to mark a grave where 3000 men of the South were interred.

A benefit card party will be held under the auspices of the Joseph Le Conte Chapter at the home of Mrs. F. A. Berlin in Alameda at an early date, the proceeds from which will be added to the monument fund.

Burglar Enters Two Homes; Gets Over \$175

Jewelry and clothing valued at \$100 were stolen from the home of Dr. J. E. Nett, 477 North street, by a burglar who last night entered the adjoining home of Mrs. E. Price and stole loot valued at \$75. Both burglaries were committed about the same hour, while the members of both families were away from home.

Mrs. Mary Santos, 1539 Twenty-second avenue, reported to the police today that her home had been entered on two occasions—last night and on the night of April 8—and articles of small value stolen. She said that she suspected a person with whom she has had trouble.

Dual Enlistment May Be Invalid, Declared

WASHINGTON, April 11.—In a special report to Congress the judge advocate-general today expressed grave doubts as to the validity of the dual enlistment system proposed in the Senate army bill. The House bill provides, however, for drafting national guardsmen into the regular army in war time, the judge advocate-general held, would obviate some of the legal difficulties which would confront having a force under enlistment to the State and Federal governments at the same time.

Secretary Baker transmitted the judge advocate's views to the War Department, adding that he had not had opportunity to study the subject himself.

The point is a hotly-contested one in the army reorganization plans.

Prison Terms to Men Facing Bar

J. E. Turner and Pearl Rogers were today sentenced to 15 months each in San Quentin State Prison. They were following their plea of guilty to a charge of stealing hides in Emeryville several weeks ago. Jack Barillas, who was accused of a similar crime, pleaded guilty and had his case referred to the probation office. The other two men had prior convictions.

Edwin Hoffman was sentenced to one year in Folsom for cutting electric power wires in West Berkeley to obtain the copper. He explained to the court that he had been a "boater" for a number of years and that he would not ask for probation because he had no friends to vouch for him.

BODY IS FOUND.

RICHMOND, April 11.—The body of a man believed to be John Griffin, of San Francisco, was found on the beach at the foot of Eighteenth street at 11 o'clock this morning by Police Officer P. F. Wright. The body had evidently been in the water a week. Papers in the dead man's pocket were so badly water-soaked that the only writing that could be made out was a properly envelope issued to John Griffin by the San Francisco Emergency hospital, deputy Coroner Smalwood is investigating.

BANDIT VILLA IS REPORTED DEAD

(Continued From Page 1)

General Scott, chief of staff, announced that 18,565 troops now constitute the border patrol. General Pershing has about 12,000 men in Mexico, including those holding his line of communications. How greatly the mobile army has been drawn upon for the Mexican expedition and border service was also disclosed by General Scott. He estimated that only 4000 troops remain in the United States not engaged on the border.

COMMUNICATION DIFFICULT

The only troops remaining at army posts are the Second Cavalry, divided between Fort Myer, and Fort Ethan Allen, Vermont; the Third and Thirtieth Infantry, along the great lakes; the Fourteenth Infantry, divided between forts in Washington and Alaska; the Twenty-first Infantry, divided between San Diego, Cal., and Vancouver, Wash., with one battalion at Calexico, and one in the Thirtieth Cavalry at Fort Riley, Kansas, service school.

General Scott also stated today that no word of the chase of Villa had been received for several days, either from General Pershing or General Funston. Difficulty of communication as well as censorship, extending to the war department itself, General Scott declared, had left the department in ignorance of recent operations.

The department asked for details of General Pershing's conferences with General Huerta and General Carranza, but General Funston telegraphed today that no further word had come from General Pershing.

American Consul Letcher of Chihuahua apparently is aiding General Pershing to get supplies. General Funston reported today that General Pershing reported being in touch with Consul Letcher and expected to get supplies from Chihuahua.

Special Agent Rodgers of the state department, assigned to Carranza's headquarters at Queretaro, telegraphed today he was detained in Mexico City in connection with commercial questions affecting the hide trade and mining taxes.

All state department dispatches were said to report conditions quiet throughout Mexico. The department was without information regarding the reported activities of General Salazar.

SUBMARINE GIVES CREW SHORT SHRIFT

MADRID, April 11.—The owners of the Santanderino have been notified that the vessel was sunk by a submarine and that all passengers and crew were given fifteen minutes to leave the ship. Four were drowned.

The torpedoing of the Santanderino has produced a painful impression on the Spanish press and public.

A dispatch from Biarritz yesterday that a Danish steamship had landed thirty survivors from the Santanderino, several of them women, at the small French promontory of Socoa, near Saint Jean de Luz, and added that four of the passengers, all Spaniards, had been drowned.

The Santanderino was a vessel of 2945 gross tons and had been trading between Liverpool and United States ports.

Germans Contradict Evacuation Story

BERLIN, April 11.—German newspapers point out that the French newspaper which reported that the French navy had evacuated in accordance with plans previously made. Nevertheless it has been ascertained that an order was issued stating: "This important place must be held in all circumstances." The fact that more than 700 unarmoured French prisoners were taken and that the French losses in killed or wounded were far greater is proof that the French plan of evacuation could not be carried out as intended.

Eleventh Juror for Caplan Case Chosen

LOS ANGELES, April 11.—The eleventh juror was selected today and is in the box for the trial of David Caplan, charged with murder in connection with the destruction of the Times building, in which twenty men lost their lives. The new juror was George B. Joselyn of Los Angeles, a retired railroad conductor.

REPUBLICAN OFFICES OPEN

The official headquarters of the Republican party and of the Republican county committee are at 219 Spadine building. Telephone Oakland 3637. Open from 10 a. m. to 6 p. m. and 1 p. m. to 5 p. m. Information courteously given. Your co-operation, assistance and suggestions cordially invited. Literature and cards for distribution on application.

Madrid Casts Large Majority for Liberals

MADRID, April 11.—Returns from the election of members of the Cortes show that 450 Liberals, 30 Conservatives and about 15 Radicals and Republicans have been elected. Count Romanones, the present Spanish Premier, is leader of the Liberal party.

MAIZE HARVEST FAILS
ROME, via London, April 11, 11:05 p. m.—The bulletin of the International Institute of Agriculture shows an unexpected reduction of 61,000,000 quintals in the world's maize harvest for the year 1915-16. The Russian yield was less by 2,000,000 quintals than was anticipated last February. The Argentine forecast is 40,000,000 quintals less than in 1914-15.

Sensational Price Reductions!

Hundreds of
Coats
Dresses
Suits
In a Notable Sale at
\$16.45

An event that has received the hearty endorsement of hundreds who have bought and saved substantially. The garment market has taken a drop. The reason is not clear—the public has found no fault with the styles, fabrics or colors. The condition is here just the same and we have governed ourselves accordingly. This means that we have reduced our prices and have taken advantage of the market and bought at the lowered prices for this sale.

Please do not consider this a clearance, because that implies odds and ends, broken assortments, etc. On the contrary this is an offer to sell complete lines of NEW Coats, Suits and Dresses at great reductions.

We've never known better values at the regular prices. At the reduced prices they are positively sensational. Although selling has been active, we still have plenty for those who come Wednesday.

The new models in plain colors; some have white collars and cuffs. All have high-low collars. Length average 23 to 34 inches. Sizes 34 to 44. Big special at \$3.95. 4th Floor.

NEW INDUSTRY SEEKS LOCATION

Ward Nurseries May Be Established Here for Export Trade.

Oakland is to become the distributing point for both American and foreign trade of the largest nursery system in the United States, according to the announcement made this morning by Charles Willis Ward, nursery manager, and owner of a chain of nurseries from Long Island Sound to Eureka. Ward, who is now in Oakland, plans the immediate purchase of a large land tract near this city, where he will erect the plant, to be fed from his Eureka properties, and where trees and plants will be shipped to all trade. He is in Oakland to confer with railroad officials, discussing freight rate questions, and will also inspect a number of properties.

The Ward nursery system is one of the most powerful factors in American agriculture. Ward started the system with a large plant on Long Island Sound, later operating nurseries in Florida and Avery Island, Louisiana. His Pacific Coast plant is in Eureka, where he made his home until moving to Oakland, where he plans to purchase a residence.

"I will start the local plant as soon as I can find suitable land," declared the manager. "I will need about 100 or 150 acres of which to build the necessary buildings and maintain the proper facilities. Plants started in the north will be brought here, and grown until time for shipment."

Ward was one of the leaders in the fight for the California nurserymen's equal footing with those of Japan. Under his leadership the nurserymen succeeded in lowering the differential between the "import rate" of the Japanese and the local rate. His Oakland plant is designed to take advantage of terminal rates, instead of, as at present, having to pay a "short haul" rate from Eureka to Willits.

Double Suicide, Is Coroner's Jury Verdict

WALLA, WALLA, Wash., April 11.—Verdicts of suicide were today returned by the coroner's jury in the case of Mary Lavin, 18, and her step-grandfather, G. M. Frazier, both of Tappanish, Washington, whose bodies were found yesterday in a local hotel.

The girl, it has been discovered, died from poison. The man had shot himself, mauling the report of the weapon with a blanket. The girl's medical men testified, had been critically assaulted.

Miss Lavin had been attending school here. Her father, living in Ellensburg, Washington, had strongly objected to Frazier's attentions to her, and in a letter found among her effects he wrote of a dream in which he saw his daughter assaulted and killed by Frazier. No inquest was held in the case of Mary Lavin, the young woman who committed suicide by taking poison on Sunday.

Woman Drinks Poison Vial on S. F. Street

SAN FRANCISCO, April 11.—Mrs. Maria Luther of 1145 Scott street, while walking along Eddy street this morning, suddenly drew a bottle of poison from beneath her coat, swallowed the contents and fell to the sidewalk. A number of bystanders, including Patrolman McKenney, rushed to her aid. She had spilled the burning liquid about her face and was screaming in pain. A passing automobile conveyed her to the Central Emergency hospital, where she declined positively to explain anything about herself or the reason for her act. She is apparently about 40 years old and is well-dressed. The police are investigating.

Gold Rush for Peru Indicated by Miners

SAN FRANCISCO, April 11.—The golden days of California and Alaska are to be repeated in Peru, if indications shown today develop further. When the Grace liner Santa Cruz sailed today fifteen miners were aboard. Among them were the veterans of California, Nevada, Alaska and Yukon. The band is prepared to spend a year in the mountains.

"The steamship line officials declared today that they have been receiving a deluge of inquiries regarding a gold strike in the Peruvian mountains. Old-timers believe a rush is imminent."

Novice S. P. Trainman Loses Both Legs; Dies

SAN FRANCISCO, April 11.—Peter B. Freiden, student brakeman employed by the Southern Pacific at San Jose, had both legs cut off in an accident last evening and died today from shock at the Southern Pacific Hospital in San Francisco. Freiden was coupling cars when one of them left the track and struck him. He lost so much blood and suffered so severely while being brought here to the hospital that he was unable to survive the shock of the operation completing the amputation of his legs.

Charity Worker for 25 Years Is Dead

Mrs. M. I. Gibb, a worker in various east bay charities and a resident of Oakland and Berkeley for the past twenty-five years, passed away yesterday at her home, 3423 Grove street. She was 80 years of age, a member of Oakland Chapter of the Order of the Eastern Star and the widow of a mining engineer, who died five years ago.

Three daughters and two sons survive the accident. Mrs. J. Higgins, Mrs. Gene Straus, Stedman of Los Angeles, Mrs. W. H. Stamford, Charles L. Gibb and A. A. Gibb of this city.

NOTICE

Mail orders for time. Emma Calve seats are now being received at the Oakland Orpheum, and filled in the order of their receipt.

Mme. Calve comes to the Orpheum on Sunday, April 23.

Mail Sack Sets Waterfront Agog

Minions of Law Sprint Hither and Thither

SAN FRANCISCO, April 11.—It was just an inoffensive mail sack, old worn and torn, yet this is what it did: Caused Charles Falk, foreman at the ferry postoffice, to run a block in 15 seconds flat.

Made Policeman William Barlow run the distance of the ferry building. Woke up Postoffice Inspector F. H. Morse at his home in Berkeley at the unearthly hour of 2 a. m.

Sent Inspector W. I. Madera from his bed in Alameda to the waterfront on a hurry call.

Looked up Charles Heslin of Livermore in the city prison-half the night. Heslin applied for a ticket to Livermore at the window of the ferry, intending to take the 2:15 a. m. train. He carried a bulging mail sack. The clerk telephoned to Falk, who informed Barlow, who arrested Heslin, who telephoned Morse, who aroused Madera, who investigated.

Inside the mail sack were found merely a pair of blankets.

"I have had that old sack for ten years," said Heslin as he was released. He has been working on the state highway at Livermore.

AIRMEN FIRED ON BY CARRANZISTAS

Later Shown Courtesies by the Garrison; Attack Declared Mistake.

COLUMBUS, N. M., April 11.—Word was received at military headquarters today that Lieut. Col. Rivers, who has been dangerously ill at Casan Grande with pneumonia, is on the road to recovery. Lieut. Danvers, who with Captain Foulton of the aero corps made the flight to Chihuahua City several days ago carrying dispatches, said that in making the landing in the town his plane was fired upon by the Carranza garrison, puncturing it and endangering his life. The shooting was done, he said, before the soldiers realized his identity and as soon as the military authorities learned of the arrival of the American aviators they sent a special guard to protect their machines. Before the arrival of the guard, however, he said both he and Captain Foulton were annoyed by crowds of small boys, who threw rocks at the machines and hooted at the pilots, calling them "gringos."

The aviator explained that this spirit was not manifest by any but the lowest classes, and that afterwards they were shown every courtesy. The Carranzista chief of staff invited them to his home and giving them candles and tobacco to carry back to the American troops. The local daily papers, a copy of which was brought here today, also spoke of the expedition and urged the people of the city to show every hospitality to the American aviators.

Affinity, Charged in Complaint by Wife

SAN FRANCISCO, April 11.—Expressing fear that her husband may attempt to enter their apartments at the Keystone, Washington and Hyde streets, and harass her, and naming an affidavit for whom she was left his home, Mrs. Alma G. Jenkins filed suit for divorce today against Harry G. Jenkins, 335 Market street. A restraining order was obtained from Superior Judge Cabanis to forestall any attempt on the part of Jenkins to interfere with his wife and a request is made for \$350 a month alimony, division of large realty holdings, bonds and stocks and the disposition of an automobile.

Mrs. Jenkins names Saddle Carr as the one for whom her spouse expressed a preference.

Vallejo to Vote on Bonds for New School

VALLEJO, April 11.—It is stated that the taxpayers of this city will soon be called upon to vote on a bond issue for at least \$50,000 for a proposed grade primary school. The new school building is badly needed at this time, as the present buildings are badly crowded.

Contractor E. F. Hours, who has the contract for the grading and paving of the Benicia road from the canyons to the Benicia city limits, will commence grading operations tomorrow morning.

Small boats are now being held out that the bodies of Jerry O'Connor and George Reynolds will ever be found. The two men were drowned two weeks ago last night in Carquinez straits, along with their companions. The bodies of their companions were found within a few feet of where the launch sank.

Americans' Execution Denied in Canada

CHICAGO, April 11.—Official denial has been made by J. W. White, inspector of immigration agencies of the Canadian government that William and Louis Schroeder of Iowa had been executed or condemned as spies at Claret, Sask., on March 24. White said that the story was not true, but that such an execution or sentence would be impossible, as persons were not being shot in Canada for treason or for any other reason.

Plant Blows Up; One Workman Is Killed

SCRANTON, Pa., April 11.—The drying plant of the Dupont Powder Works at Moosic, near here, blew up today, killing one man, David Miller. Two other men, James T. Brown and Charles Marre, were getting ready to go on the day shift and suffered light injuries.

SAMUEL JACOBI DEAD

SAN FRANCISCO, April 11.—Samuel Jacobi, assistant manager of the Standard Biscuit Company and brother of F. Jacobi, manager of that concern, died at his home today. Jacobi had been complaining of heart trouble, but it had not been considered serious. He was 41 years old and resided at 3747 Jackson street. His mother, brother and sister survive him.

TO STAY TRIAL

Mrs. Evelyn Ried Von Dohlen will not stand trial on charges of embezzlement until the case against her is disposed of in the Superior Court. She is charged with passing a bad check for \$2500 to the Superior Court. The preliminary examination before Justice Quinn was postponed yesterday until a probation officer reported to Judge Ogden.

CIVIL SERVICE FOR LIBRARY FORCE

Mayor's Plan Is Accepted by Council; Is Decided Change.

(Continued From Page 1.)

council 25 per cent of the property taxes and have to mortgage their homes or so delinquent on paying their taxes.

"I now come to consider the matter of Carnegie libraries, which have been improperly named 'free libraries' but which are now costing the taxpayers of Oakland \$30,000 a year to maintain. While the Carnegie gift of library buildings has many commendable features, it must be remembered that the maintenance cost for all future years is paid by the taxpayers, and this maintenance increases to a wonderful proportion in a short time. However, I do not consider the present expenditure of \$30,000 a year. It is the proposed addition of many new libraries which will shortly double the year expenditure that requires our consideration."

"The library force for the three largest California cities is as follows: San Francisco, one cent and eight mills; Los Angeles, four cents, while Oakland's library tax is six and forty-six one thousand cents, or three and one-half times greater than the library tax of San Francisco and over fifty per cent greater than the Los Angeles with a population over twice as great as Oakland."

"Expenditures, though very large, are justified if those who pay such expenditure get value received. How many Oakland residents use our libraries in securing books and bunnies? From July 1, 1913, to July 1, 1915, only 14.27 per cent of our population used the library for such purposes, meaning that 85.73 per cent of our people pay library maintenance but do not avail themselves of library privileges. Surely when only one person in each seven takes our library books any great expansion in library functions must be seriously considered. For each person holding a library card the city pays annually \$3.35, \$3.61 of which maintenance is spent on fiction, as 78 per cent of our library circulation is of fiction. This 78 per cent fiction circulation is on fiction books which only constitute 38 per cent of our library stock, while the remaining 62 per cent of our books other than fiction get only 22 per cent of the circulation."

QUOTES FIGURES.

"Oakland has seven and one-half times the population of Alameda, and receives 7 1/2 times as much library money by taxation. Alameda, with only 18 per cent of Oakland's population has 23.1-3 per cent as many card holders. In Alameda 40 per cent of the people take library books to their homes, while in Oakland only 14.27 per cent do so."

"These statistics are taken from the librarian's reports, and while undoubtedly authentic must not be misinterpreted. A copy of which was taken by the library as a reading room. To establish more reading rooms, inexpensive to operate, placing books of reference in the schools where they are most needed, would be an expansion along lines in accordance with public demand."

"Another feature of our library system, which is worth considerable consideration, any expansion is made is salaries. For the year 1913-14 \$52,535.50 was spent in salaries, or 60 per cent of the library appropriation, while only 17 per cent of the library fund went for books and binding. For the year 1914-15, \$55,602.61, or 61 per cent of the library appropriation, was paid in salaries, while only 18 per cent was spent for new books and binding."

"This salary item is worth considering. Why should not the library department be under civil service as other departments or for any other? If civil service is a worth anything, it is worth extending. Oakland's civil service board has demonstrated that it stands for efficiency and economy with a protection for the employee. By what assumed right do the library trustees, who are not elected, and whose sole duty it is to understand and regulate employment?"

"The library employees should be anxious for it. Civil service is not destructive or offensive. It rather serves to make more secure the efficient. The library board and librarians should be anxious for it, as it would insure the greatest of efficiency and library service for each dollar to that department."

"Why delay this matter longer? I herewith present therefore a resolution expressing what should be the sentiment of this council and urge the library and civil service board to immediately meet and prepare for the entrance of civil service into the library department."

Contract was awarded to the Graves-Spears Road Machinery Company for furnishing a steam roller today by the city council, although the bid of this concern was 113 higher than the lowest bid. The main reason for this was that the Graves-Spears company is a local concern. Pleas for home industry were made by V. O. Lawrence of the Rotary Club and Secretary Wilber Walker of the Merchants' Exchange.

G. L. Belcher, representing the A. L. Young Machinery Company of San Francisco, the lowest bidder, stated that he had been a taxpayer in Oakland for forty-one years, and was entitled to as much consideration as his rival. D. E. Graves stated that he could offer a more satisfactory guarantee, prompter delivery and quicker repair if the machine should get out of order.

RECOMMENDS COMPANY.

Commissioner Baccus recommended the award to the Graves-Spears company for \$3250, and his recommendation was adopted. Baccus explained his position in the following letter to the council:

"These rollers are so near equal in their machinery details that the question of service, delivery and guarantee govern in the selection. The bid on the Buffalo-Pitts roller calls for immediate delivery, while that of the Kelly-Springfield roller calls for delivery thirty days from date of order. While each bid guarantees wheels for ten years and other parts from four to seven years, the guarantee on the Buffalo-Pitts roller is wider in the matter of replacement of parts due to wear."

"The agents for the Kelly-Springfield roller are located in San Francisco, while the agents for the Buffalo-Pitts roller are an Oakland firm, having their stock of parts and their mechanics in this city. Taking these items into consideration, I therefore bid of Graves-Spears Road Machinery Company for a Buffalo-Pitts roller at \$3250 is the best bid."

Commissioner F. F. Jackson reported to the council on a complaint from residents of Twenty-third avenue that Dr. C. C. Wing, assistant health officer,

MANHUNTERS FAIL TO CAPTURE COX

(Continued From Page 1.)

tant and that before morning an encounter will take place between the heavily armed Cox brothers and their pursuers.

Sheriff McCauley says that a few hours will see the end of the hunt. One of the brothers, he said, was shot through the shoulder while escaping from the crowd which gathered after the wounding of Dependence, and would not be able to resist capture long.

SURROUNDED IN BARN.

Reports were received here that Cox was surrounded in a barn at Truckee, but it was later stated he had escaped. Chief of Police Hillhouse of Reno has organized a posse to search for the fleeing man.

In a little side street here a silent watcher turned pedestrians and vehicles away from the house where Dependence is making a fight for life. As his bedside were two motionless girls. A few hours will decide whether they will be orphans.

Off in the hills the bay of the bloodhounds broke in on the hunt that has fallen upon the town. From time to time an older, his home a-leader dashed into Auburn with news of the chase and was away on a new mount.

The reported theft of a mule from a rancher near Ophir has convinced the pursuers that Ray Cox is a-leader. If so it accounts for the fact that the bloodhounds turned loose on the trail have had difficulty in following it.

Roy Cox is known to have a motorcycle in Sacramento and the house where it is stored is being closely watched.

With additions to the posse the manhunt stretches ten miles through the underbrush of the hills.

George Cox, brother of the fugitive, declares he will not be taken alive. The attack on Constable Dependence was cowardly in the extreme and the feeling here is so strong against the man who shot him down that it is believed the posse will make short work of the outlaws if they are captured.

BULLET CHEATS.

RIVERSIDE, April 11.—Al Heller, who shot and killed Roy Tripp, 23, if he is not taken alive, will be shot by the posse at Aguanga yesterday morning. Heller was one of the best known horsemen in Southern California. He owned the Riverside racing track and owned and drove Ray McKinney and other well-known trotting stock. He had been prospecting for some months in the mountains and owned a claim about four miles from where his test was pitched and where the dual tragedy was enacted.

MORAN WILL BE FREED OF CHARGE

"Confession" Bogus; Suspect in Prison When Robbery Occurred.

LOS ANGELES, April 11.—James Moran, alias Arthur Maggs, who confessed complicity in the planning and execution of a mail truck robbery in New York in February will be released today. It was announced by federal authorities, as a result of information received from San Quentin penitentiary when the theft was committed. Moran was held as a witness after he was rendered to postal inspectors at San Diego Friday and gave details of the robbery, alleging the loot amounted to \$200,000. He said he received \$200 and was to have met his alleged confederates at San Francisco. Their failure to appear was given as his reason for "confessing." M. G. Gallagher, assistant United States district attorney, said some information had been obtained as to the guilty persons, but that it was useless to hold Moran longer.

Funeral Services Held for Judge A. L. Frick

Funeral services for Judge Abraham Lincoln Frick, who died in Providence hospital Sunday night, will be held in St. Paul's Episcopal church at 5 o'clock this afternoon.

The Rev. Alexander Allen, rector of St. Paul's Episcopal church, will conduct the services. A. A. Moore, attorney, will officiate at the funeral. Following the funeral services the body will be sent to Longue for burial.

HYDE AGAIN ACCUSED.

KANSAS CITY, April 11.—A complaint charging Dr. E. Clark Hyde of Kansas City with the murder of Colonel Thomas H. Swopes, an aged millionaire, in 1909, was filed in a justice court here today, and a warrant for Dr. Hyde's arrest was issued. Dr. Hyde has been tried three times for the alleged murder.

SPY EXECUTED

LONDON, April 11.—A spy, whose name is withheld, has been executed in the Tower of London. It was officially announced today.

cer, had inspected the premises complained of, and had found the place insanitary. He had instructed the owners in the way to better conditions and the orders were carried out.

PROTEST ACTION.

Presenting a resolution from the West Oakland Taxpayers and Business Men's Association, four speakers appeared before the council and protested against that body's action of yesterday in voting down a proposed amendment to the ordinance governing street carnivals, and asked that it be further considered.

Dr. Susan J. Foster, A. C. Barker, city superintendent of schools; Arthur Fitzhenry of the West Oakland organization, and Mrs. H. J. Platts were those who appeared before the commissioners and asked that the proposed amendment be again considered. The matter was laid over and will be taken up at a full meeting of the council.

The amendment proposed provides that no permit shall be granted for street carnivals either on streets or vacant lots of the city, unless a recommendation of the city recreation department has been furnished. Commissioner Edwards introduced it in council at yesterday's meeting, and it was voted down. The West Oakland organization held a meeting last evening and adopted the resolutions which were presented today.

Thousand Cases of Beer Are Seized

SEATTLE, April 11.—One thousand cases of beer were seized by the police today after they had been unloaded from a scow in the East waterway last night.

The beer is consigned to R. Kuneau, according to the marks on the cases, and it is believed it was sent up from California and loaded onto the scow from the boats under cover of darkness.

PIONEER ATTORNEY DIES

SAN DIEGO, April 11.—Colonel David Murphy, 81, pioneer attorney of St. Louis, died here today.

Two Escape Death at Mare Island Yard

MARE ISLAND, April 11.—Edward Kennedy, an employee of the joiner shop at Mare Island navy yard, had his left arm fractured between the wrist and elbow, and Jere L. Sullivan, another employee of the same shop narrowly escaped serious injury, when a huge beam, 18 feet in length, got caught in a saw and whirled around, just missing Sullivan's head and striking Kennedy on the arm, the unfortunate young man being knocked down by the force of the blow. An X-ray of the injured arm shows both bones shattered.

Sea Prize Big Find for Onondaga Crew

NORFOLK, Va., April 11.—When the coast guard cutter Onondaga arrived yesterday off Cape Henry with the waterlogged and abandoned schooner Charles A. Campbell in tow, she saved one of the biggest marine prizes of the year. The schooner was loaded with cross ties and the vessel and cargo is valued at \$100,000. The schooner was abandoned during a storm last Wednesday when Captain Ernest J. Pierce, his wife, two children and eleven other persons were rescued by the Norwegian steamer Senator.

NATIONAL POLITICAL NEWS

CHOOSE OFFICERS IN G. O. P. CLUBS

"Vote Ticket Upside Down" Is
the New Slogan
Adopted.

SAN FRANCISCO, April 11.—Regular Republican clubs have been organized in the Twenty-sixth Assembly District with officers as follows: Jesse W. Trask, president; Philaetha S. Mithelen, secretary; executive committee, D. von der Horst, W. O. Hunsicker, G. B. Hastings, Alice Cole and L. Smiley. Fenton B. Courtney, president; J. P. Harnay, secretary; Ed Neilman, Mark Jacobs, Harry Klamet, E. W. Brady and H. B. Martin, executive committee.

In the Thirty-first Assembly district, three regular Republican clubs have been formed.

In the Twenty-fifth Assembly District the Regular Republican Club has the following officers: A. D. Fritz, president; Sylvan J. Lenz, secretary; executive committee, M. J. Winter, May Fitzpatrick, Fred Kierschall, Andrew Leary, John A. Hoey and Edward M. Banes.

"Vote the ticket upside down" is the slogan of the leaders of the Regular Republican organization to the citizens who intend to support at the primaries the 26 delegates to the Republican National Convention.

The United Republicans ticket, commonly known as the Earl ticket, has the head of the ballot. The 26 regular delegates bring up the tail and on the primary ballot, Secretary of State Jordan attempted to leave a designating space between the two lists of delegates, so that voters might know which group they were voting for. But Attorney General Webb said it could not be done.

So in all our counties except half a dozen the primary ballots will be printed with the names of the 26 United Republican delegates at the top and the others following, like the provision train of General Pershing's army in Mexico.

This arrangement of the ballot is a great advantage to the United Republicans, so the Regular Republicans have drawn out this slogan.

"Vote the ticket upside down."

They mean by this when the voter takes hold of the rubber stamp in the voting booth start in at the bottom instead of the top, and place the stamp opposite 25 names at the top and the others opposite the name of Charles C. Chapman, then stamp up the ballot for Ackerman, Mott, Gosteller, Crocker, to where the name of Walter Burdwell appears, and then stop.

No mistake can then be made, say the Regular Republicans if you vote, the primary ballot upside down.

Suffrage Measure Given First Vote

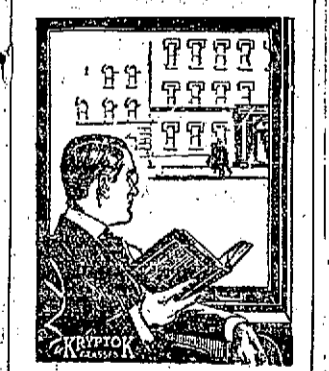

ALBANY, N. Y., April 11.—The Whitney-Bretton bill, intended to provide a state referendum in 1917 on the question of woman suffrage, was passed in the Senate last night by a vote of 33 to 10. The bill which is in the form of a concurrent resolution and does not require the signature of the governor, was passed by the assembly March 14. It must pass next year's legislature.

Immigration Members Favor Literacy Test

WASHINGTON, April 11.—The Senate immigration committee today ordered a favorable report on the House immigration bill relating to the literacy test.

The committee accepted all House provisions except that to require immigrants to travel in the steerage of immigrant vessels bound for the United States.

Says Politics Hurt U. S. Abroad

Selection of Diplomats
Criticized

WASHINGTON, April 11.—The United States will never assume its place as the family of nations until politics ceases to play an important part in the selection of American diplomats and in the army and navy, declared Henry White, former Ambassador to France, in an address at today's session of the convention at the Navy League of the United States. He was speaking on "The Beneficial Influence of Politics Upon Our Foreign Relations."

"If there is one conviction more deeply rooted in my mind than any other," said Mr. White, "it is that the respect, in which a nation is held by others is in exact ratio to the fleet and armies which are believed to be looming in the distance and prepared to back up, if necessary, the policy of the nation."

Foreign powers know that political considerations or the length of purse strings usually outweigh any known fitness in the selection of the chiefs of our foreign embassies and legations. They know that our army and navy are the first of these reasons not in the highest state of efficiency, and that 'preparedness' has become a domestic political issue."

Standard Oil Notes to Go to Committee

WASHINGTON, April 11.—Without debate the Senate today adopted a resolution by Senator Kenyon, Republican, directing the attorney-general if not incompatible with public interest to submit to the Senate a report of investigation made by the department into the Standard Oil Company since the Supreme court decree of dissolution against that company and particularly any investigation into gasoline prices.

Senator Kenyon had read to the Senate resolutions adopted by the Western Oil Jobbers' Association at St. Louis, petitioning Congress to supplement the Sherman law to make effective the decree of dissolution of the Standard Oil Company, and declaring it to be the sense of the association that the dissolution decrees was a failure.

A letter to Senator Kenyon from R. E. Welch, counsel for the association, declared the independent oil jobbers of the Middle West would be driven out of business and faced financial ruin unless an end was brought to discriminatory prices of gasoline dictated by the Standard Oil Company.

On April 9, the letter said, the gasoline price to the consumer by the Standard Oil Company in New York was 28 cents a gallon, Chicago Standard Oil Company of Indiana, 18 1/2 cents, Ohio, 2 cents higher than the average Middle West prices and Pittsburgh, 24 cents.

Roosevelt Requests Abandoning Stickers

MISSOULA, Mont., April 11.—A telegram from Theodore Roosevelt, received here yesterday by former United States Senator Joseph M. Dixon, specifically requests the abandoning of the movement to "put stickers with Roosevelt's name written on them on the ballot in the Montana presidential primaries to be held April 21."

The telegram was in response to a letter from Dixon asking for an expression of Roosevelt's wishes in connection with the recently launched movement to have his supporters write his name on the ballot.

"For the reasons given in my Trinidad statement," the telegram read, "I must apply to Montana the rule which I have applied to every state contested."

Women Republicans in Executive Session

The executive committee of the Women's Republican Club of Alameda county met this morning at the headquarters of the Republican county committee and discussed plans for immediately carrying out the call of the regular Republican county committee of candidates for delegates to the national convention.

Mrs. Charles S. Chamberlain presided. The committee adopted a program of meeting for each Tuesday morning at the headquarters, and the forenoon of each day will be devoted to work at headquarters among the women voters.

The campaign is to be placed, during the campaign upon the fact that the Regular party ticket on the ballot follows the Earl conference ticket, and that the Republican voter must begin voting half way down the printed list on the ballot.

Barnes Declares He Is Not for Roosevelt

NEW YORK, April 11.—The statement of William Barnes Jr., who charged Theodore Roosevelt with a "pernicious influence" on the country, was believed by political observers today to have greatly widened the breach between the Colonel and the Republican leader of New York State.

"Roosevelt is an enemy to the American republic," said Barnes, "is the most pernicious influence in the country upon the public mind, not even excepting Bryan."

Barnes denied a rumor from Boston which said he would support Roosevelt if the latter were nominated as the regular Republican candidate. He declared Roosevelt had not respected the rights of others, that he was not a leader in progress, and that he had attached himself to the preparatory movement after it was started by others.

Thomas R. Marshall to Be Candidate Again?

WASHINGTON, April 11.—Thomas R. Marshall, running mate of the Democratic presidential nominee and Senator James Hamilton Lewis will be temporary chairman of the Democratic national convention, according to the prospective arrangements of many Democratic leaders gathering here today for Thursday's conference of state chairmen. There is some opposition to Lewis.

The Democrats want to elect two senators from Indiana this fall and figured that Marshall's name would be needed on the ticket to aid them.

CONTEST FOR COMMITTEE

HUTCHINSON, Kas., April 11.—With the withdrawal of E. M. Morris of Leavenworth from the race for a place on the national committee, the Democratic state convention here settled down to fight on the issue between J. W. Orr of Atchison and W. P. Snapp of Garden City. Murphy in his address made a plea for Orr.

SUGAR TARIFF ASSURED

WASHINGTON, April 11.—Debate on the sugar tariff bill with its passage virtually assured. A final vote was to be taken before adjournment under an agreement reached last Friday.

SHOW RELATION OF WAGES AND COST

Statistics on Operation of the
Tariff Law Prepared
for Senate.

WASHINGTON, April 11.—An exhaustive report on the operation of the present tariff law prepared by Secretary Redfield in response to a Senate resolution was made public by the Department of Commerce. It compares imports and exports and duties under the present and previous laws, explains particularly the results obtained during the nine months the Underwood-Simmons act was in force before the outbreak of the European war, and reviews the relation of wages to costs of production.

The average rate of duty on imports under the existing law, the report says, shows a less marked decrease from the previous rates than is generally inferred. The net results of the law, it adds, are a considerable increase in the free list—from 68.2 to 62.3 per cent of the total imports—and a general ten per cent reduction in duty rates on articles that remained subject to duty. The decrease in the average rate of duty was more marked in the case of unmanufactured and manufactured imports.

ESTIMATE WAS CLOSE

The report calls attention to the close correspondence between estimated receipts and actual receipts under the Underwood-Simmons act. Estimates said the bill would produce the first year from \$43,000,000 to \$58,000,000. It actually produced the quarter immediately preceding the outbreak of the war \$63,000,000. At this rate the annual revenues would be \$254,000,000.

Exports are shown to have increased enormously under a heavy demand from Europe because of the war.

WAGE PERCENTAGE

The report says actual competition with foreign manufacturers is met by few American factories because imports of manufactured goods amount to less than five per cent of the total of American manufactures. A study of the relation of wages to the value of products, it continues, shows that industries representing one-fifth of the total manufactured product of the country, the labor cost is less than five per cent of the value of the product. Another fifth shows wages represent from five to fifteen per cent of the cost; another fifth, from fifteen to twenty per cent. Wages in most of the remaining industries represent from twenty to thirty per cent.

A comparison of the wage cost percentage of production in 108 industries with the average rate of duty on all imports shows, the report says, that in nearly half the industries the percentage spent for wages was less than the cost of duties on the goods manufactured.

Labor Conditions Are Better, Says Gompers

WASHINGTON, April 11.—President Gompers of the American Federation of Labor, denied today before a House committee that living expenses have increased 15 per cent in the United States during the last ten years, while wages had not advanced proportionately.

"In the last five years," he said, "wages, hours of employment and conditions of labor have improved in the United States beyond any other period of any people in the history of the world. The price of living has advanced about 10 per cent, but wages have advanced 15 per cent. We have enlarged what we call the essentials of life in the last thirty years, so there is no comparison between what the cost of them was and what it is today."

Gompers said testimony produced by friends of the London Socialist Insurance Bill was the work of "Scientific bamboozling." If what they said was true his efforts and those of labor workers were wasted, he said.

As a substitute for the London bill, which looks to the establishment of compulsory social insurance, Gompers offered a measure that would make such insurance voluntary, which would prove for exhaustive social surveys.

Refusal to Sell Is Denied by Planters

WASHINGTON, April 11.—The Harvester Company testified before the Senate investigating committee today that it was forced to refuse orders for blunder twine and faces a shut-down because the planters' refusal to sell it since April 1.

Levy Mayer and W. B. Spencer, counsel for the planters and bankers backing them, protested.

"We will be able to show that this is just one of the Harvester Company's tricks," said Mr. Spencer, "and that this is not the first time the Harvester Company has threatened to close down its plants just to embarrass the planters."

The question is brought up now, not to instruct the committee, but to influence newspaper publicity and injure this cause," declared Mayer.

A letter from a producer advising the International Harvester Company's salesmen not to sell another pound of twine until it was assured of more raw material.

Hughes Gets Votes in Iowa; Not on Ticket

COUNCIL BLUFFS, Iowa, April 11.—W. W. Marsh of Waterloo, for national committeeman and the so-called Marsh ticket, ran well ahead of the Dunns and the Democrats in the Democratic primary yesterday. In the Republican primary National Committeeman Adams led Olson by a large vote. President Wilson's name was alone on the Democratic preference ballot and that of Senator Cummings on the Republican ticket, but in the later vote the names of Hughes appeared frequently, Roosevelt's occasionally and Ford's a few times.

Wilson Representative for Marin Fete Asked

WASHINGTON, April 11.—A resolution requesting the President to appoint a government representative to the celebration of the landing of Sir Francis Drake on the shores of Marin County, California, in May, was agreed to by the Senate today.

PLANS FOURTH WAR LOAN

LONDON, April 11.—It is expected that the Hungarian government will issue a fourth war loan before the end of the present month, according to advices from Budapest.

Kern's Federal Bank Change Recommended

WASHINGTON, April 11.—Senator Kern's amendment to the Clayton law to permit a director in a bank in the Federal reserve system to serve on the directors of two other banks not in substantial competition with the government bank was passed today by the Senate and goes to the House. It was recommended by the Senate banking committee.

Asks Blue to Quit High Medical Post

WASHINGTON, April 11.—Surgeon General Blue of the Public Health Service was asked in a resolution introduced today by Senator Works of California to resign the presidency of the American Medical Association, to which he was recently elected.

Senator Works contended in the preamble to the resolution that as the association was conducting a medical campaign along its own particular line of

Sacramento Valley Appropriation Passed

WASHINGTON, April 11.—The rivers and harbors appropriation bill carrying \$40,000,000, including an appropriation for the Sacramento valley, was passed by the House today by a vote of 210 to 133. The bill now goes to the Senate.

thought, no official of the United States should serve as an officer. The resolution was referred to the committee on public health.

28,867 Register in Santa Clara County

SAN JOSE, April 11.—Unofficial figures of the county registration as compiled by the county clerk, follows: Republican, 19,737; Progressive, 1501; Democrats, 6329.

In 1912 the registration was: Republican, 17,892; Progressive, 6522; Democrat, 7312.

Total registered about 31,574 as against 34,942 in 1912.

H. C. CAPWELL CO. STORE NEWS FOR WOMEN WRITTEN BY A WOMAN H. C. CAPWELL CO.

Women's Easter Fashions

are at their best just now in the Garment section in our Basement Store. With many new arrivals we are able to show you the last whims of Dame Fashion. This low-priced store is in bloom all over with the prettiest of Spring Apparel—dresses, suits, hats, waists, ribbons and handkerchiefs. With alert attendants, good quality and fashionable merchandise; with wide aisles and abundance of room; with fresh air and all conditions for comfortable and pleasant choosing there is no better place to economize with complete satisfaction to yourself than

CAPWELL'S BASEMENT STORE

Women's Silk Easter Suits

A truly remarkable offering considering the very good quality of the silk and the chic styles. Very attractive afternoon dresses of silk poplin and taffeta silk combined with serge, some of which have their jackets lined with pretty flowered silk. They are up-to-the-minute in style and easily the best values obtainable.

Other Easter Suits \$14.95

A great variety of styles in poplins, gabardines, checks and serges. Simple but smart little suits for everyday wear, for shopping, for better wear, for traveling, for country wear.

The price is as interesting as the style because these suits are extremely smart and carefully tailored.

Corduroy Sport Skirts \$3.95

It just seems that every woman is going to have one. We judge so because we are finding it so hard to keep them in stock. These latest comers will linger with us but a day or two at the most. Their trustworthiness and good styles are the reasons for their fast selling. Made in regular short styles with pockets of good quality corduroy in wild rose, Tipperary, Copenhagen and white.

Silk Easter Waists \$2.39

Crepe de Chine and Willow Habutai of heavy quality in the favorite colors of the season, including some very smart sport plaids. So large is the variety of style and color a choosing from among so many will indeed be a pleasant task.

NEW MAY BUTTERICK PATTERNS ARE HERE

Long, Delicious, Percolated Coffee with Sandwiches 10c at Long's Markets

PAIN IN BACK, MISERABLE ALL OVER

Dear Mr. Editor:

All last winter I suffered from a terrible pain in my back. I felt miserable all over, and could not walk but a short distance. Was unable to work and did not sleep well at night as I was obliged to arise frequently. I turned to Dr. Pierce's Anuric, that cured such troubles, and sent to him for a trial package. This relieved me of getting up at night in a short time, and I have gained considerably. I am better now than I have been for some time; sleep better, have less rheumatism and do quite a lot of work for me. When the uric acid attacks the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Anuric," the new discovery of Dr. Pierce for kidney trouble and pains in back and all over body! Write Dr. Pierce, send for a large trial package, or ask your druggist now for a 50-cent box of "Anuric."

Kindly print this letter. It may help some one else who suffers as I did, or worse. (Signed)

MRS. ELLA A. GARRISON.

NOTE.—Every man or woman ought to use occasionally, a proper remedy.

GALLIPOLI MOVE RE-TOLD BY MONRO

English Commander Gives His Views on Most Dangerous Strategy.

LONDON, April 11, 2:30 a. m.—Additional light is shed on the withdrawal of the allied forces from Gallipoli in a long report from General Sir Charles C. Monroe published in the Official Gazette. The report gives the views of General Monroe on the Gallipoli position when he arrived there last October to examine the situation. He says:

"Our position in Gallipoli presented a military situation unique in history. The force held a line possessing every possible military defect. Complete evacuation was the only wise course, as an advance could not be regarded as a reasonable military operation."

"The appalling cost to the nation involved through embarking on an expedition with no base for the rapid transit of stores and personnel made it urgent that we should divert the troops locked up. In a November blizzard two hundred men died from exposure; more than 10,000 sick were sent to the hospital. The progress of the Helles evacuation was delayed by the weather and the loss of a large horse ship sunk by a French battleship. On the evening of January 8 the warship Prince George, which had embarked 2000 men, was struck by a torpedo from an enemy submarine which failed to explode."

General Monroe pays a tribute to General Birdwood and all engaged in the evacuation and also explains how he urged upon the French commander, General Sarrail, to withdraw from Serbia.

New Trustees Named; Principal to Lose Job

OAKDALE, April 11.—A. B. Hatcher and Samuel Kaufman have been elected trustees at the Oakdale Union high school election by majorities of over 400, thereby insuring the retirement of F. B. Westerman as principal of the school. Their opponents were W. A. Tucker and Ed Orbanum. Over 800 votes were cast between 1 and 5 o'clock. The winners carried every precinct but one. The election was fought out on the issues as to whether Westerman should be retained as principal.

GOVERNOR GUEST

GRASS VALLEY, April 11.—Governor Hiram W. Johnson will be guest of honor at the annual meeting and dinner of the Chamber of Commerce Wednesday night. The governor will be accompanied by State Senator Birdall of this district, and probably Charles F. Stern, member of the State Highway Commission. Over 100 have reserved seats at the dinner.

RECALL PETITIONS REFUSED BY CLERK

Must File All Names at Once, Is Ruling; Saturday Last Day.

Claiming to have close to 10,000 names to a petition for the recall of Mayor John L. Davis, Robert J. McCaskie, secretary of the Oakland Pleasure Club, today sought to file the papers, which will make the calling of an election mandatory with the city clerk. His request was rejected, as he did not have all of the petitions ready, and the city charter provides that all names must be filed at one time. McCaskie has until Saturday noon to file within the time limit set by law.

The Jitney bus official claimed to have petitions bearing 9734 signatures for the recall of Mayor Davis. He also claimed to have petitions for the recall of Commissioners Edwards, Baccus and Anderson, the first bearing 8524 signatures, those against Baccus having 7100 names attached, and the number asking Anderson's recall totalling 7850. He told City Clerk L. W. Cummings that there were seventeen other verification deputies who have been circulating petitions who have not yet reported with the names procured. Fifty-four deputies were appointed for the work.

"I will file these within a day or two," McCaskie told Cummings. "The petitions have been being prepared as the charter provides, and will soon be ready for filing."

Petitions are being circulated for the recall of Commissioner F. F. Jackson by verification deputies appointed at the request of the Taxpayers' League. The members of this organization are not concerned with the recall movement fostered by the Jitney bus drivers.

Taxes to Become Delinquent April 24

James B. Barber, county tax collector, announced today that the last installment of taxes will become delinquent on April 24, being the last Monday in the month. The date falls about a week earlier this year than for the reason Collector Barber desires that taxpayers be given sufficient notice as to date the payments are somewhat lagging.

TWO DRIVERS FINED

Two men suffered in the Oakland police courts today when found guilty of driving their automobiles while under the influence of liquor. David White, a chauffeur, was unable to pay the \$100 fine imposed by Police Judge Mortimer Smith and is spending a fifty-day vacation in the city prison. Robert P. Lyvig, also a chauffeur, was fined \$100 by Police Judge George Samuels. He paid the amount and was released.

Barnes' Big Circus on Way Here Woman Press Agent Blazes Way

EMMA C. MILLER, ONLY WOMAN CIRCUS PRESS AGENT, AND ONE OF THE SIMIAN STARS OF THE BIG SHOW.

Kaleidoscopic Conglomeration of 'Stupendous Wonders' Announced With Feminine Smile

The only woman circus press agent in America is in Oakland. Her name is Emma C. Miller, and she is the advance agent for the A. G. Barnes show. The circus will arrive here a week from today, playing next Tuesday and Wednesday in Oakland.

Miss Miller is decidedly different from the press agent of the past. She wears a dress and a hat, and she is a lady. She is not a circus girl, and she is not a clown. She is a woman, and she is a press agent.

"And if you won't print a story about a circus, print one about me," she urged. She is the only press agent in the world with a smile that gets her publicity. She smiled. Here's the story:

The A. G. Barnes circus, one of the biggest in the United States, comes here next Tuesday and Wednesday. There will be many special features—Sampon, the wonderful trained lion, performing zebra, kangaroos who box a Jess Willard, and other big acts. Its one of the big attractions of the season.

"A Kaleidoscopic Conglomeration of Stupendous Sensational Wonders of Nature and of the Skill of Man," Arthur

HITS MAN WITH GLASSES; JAILED

Blacksmith, Angered, Attacks Neighbor; Mayhem Charge Follows.

SAN DIEGO, April 11.—William Bowers, a blacksmith, was arrested yesterday on a mayhem charge sworn to by George E. Home, local agent of the Blue Compensation Insurance Commission. Bowers, it is charged, struck Home with his fist during an altercation, with the result that the latter, who was wearing glasses, suffered such injury to his left eye that it is feared he will lose the sight of that member.

Citizenship Question Is Cause of Tangle

OREGON CITY, Ore., April 11.—Forfeiture of citizenship of the registrar's husband has invalidated the pre-election registration of eighty voters of the town of Barlow, near here, according to a discovery made by Mrs. Iva Harrington, county clerk, yesterday.

W. F. White was born in England and naturalized as an American citizen a number of years ago. Subsequently he was removed to Canada, where he lived several years and then returned here. Recently his wife was appointed registrar of voters for Barlow. Clerk Harrington heard last Saturday that Mrs. White was not legally qualified to serve, and investigation today revealed the facts. Under the law a wife's citizenship is that of her husband, so when White became a Canadian his wife automatically became one also.

Clerk Harrington today mailed notices to all voters registered by Mrs. White that they must re-register in order to vote.

Bride, Shot by Her Husband, to Recover

STOCKTON, April 11.—Mrs. William Van Golden, the bride of three weeks who was shot by her husband Saturday night at Corcoranville while the two were eating their evening meal, was reported better today. Physicians fear, however, that she will be a cripple for life.

Van Golden turned the revolver upon herself after shooting his wife, and died instantly.

The coroner's investigation failed to reveal any motive for the man's act, and it is believed he was insane.

Quarrel Over Money Ends in Shooting

SAN FRANCISCO, April 11.—Following a quarrel over money matters, Michael Tenkow, a laborer, shot his brother-in-law, John Fowolski, seriously wounding the latter, and then turned his revolver on himself. Tenkow, after shooting himself, jumped into the bay. He was rescued by his brother, Tom Tenkow, and he and Fowolski were removed to the Portico hospital. Tenkow is fatally injured. Fowolski will live. The shooting occurred at a reduction works at Kell and Evans avenues, where the men were employed.

In Making

Grape-Nuts

honest whole wheat flour and malted barley are blended, made into dough, moulded into loaves, and baked. The loaves are then sliced and baked a second time—in all about twenty hours of thorough baking.

Grape-Nuts possesses all the rich, nourishing elements of the grains, including the vital mineral salts so necessary for vigorous mental and physical activity. Many foods lack these essential elements—especially is this true of white bread and white flour products, because in making flour white most of the energizing mineral salts of the grain are thrown out in the milling process.

With Grape-Nuts it is different, for all the nutriment of the grain is retained. Then the long baking renders the food easily and quickly digestible.

Always ready to serve direct from its sanitary, tight-sealed carton, Grape-Nuts is in the form of granules of tender crispness that have a delicious, nut-like flavour. Four teaspoonfuls of Grape-Nuts with a little cream alongside is a splendid, well-balanced part of any meal and gives a wonderful return in sturdy brain, nerve and muscle.

"There's a Reason"

Grocers everywhere sell Grape-Nuts.

PERCY AND FERDIE---And Such an Inopportune Time to "Talk Shop."

By H. A. MacGILL

Creator of the Hall-Boys

Reminiscences of a Veteran Sporting Editor

By M. L. MULDOON.

The other day I told the story of the cycling king, Jimmy Michael, and of the fortunes he won when six-day bicycle racing was great sport. It was small wonder that Michael the little Welshman was a great rider, for the cycling game had its real beginning in England.

As a matter of fact six-day bicycle racing originated in England about forty years ago.

The first contest was held in the '70s at Bingley Hall, Birmingham. It was a twelve-hour-a-day affair, and such noted riders as George Waller, George Hall, Dinkin Derker and Harry Hlgman competed in it.

A little while later there was an eighteen-hour-a-day race at the Aquarium in London.

On that occasion Waller rode one of the old high wheels, with its saddle as hard as wood, eighteen hours without once dismounting.

It was Jack Haverly of Minnesota fame who, after a trip to England with his big mineral troupe, conceived the idea of giving cycling races in America.

In 1879, Haverly and Peter Duryea brought over a team from Europe which gave exhibitions in New York, Boston and Chicago.

The team was composed of the Harrington brothers, John Brown and John C. England and Charles Forrest of France.

They rode on flat tracks and had six day races, riding from six to eight hours a day.

At that time the record for 100 miles was over six hours.

In 1886 every world's record from a quarter of a mile to 1400 miles was held by Europeans.

Roller skating was then the craze and managers were looking for something to run as a side attraction in America.

They took up the bicycle riders and had them race from two to eight hours a day, riding outside the skaters on the same track.

In the summer of 1886, Tom Eak put in the first ten-day or twelve-day race in Springfield, Illinois, and for the first time the skaters and cyclists could take the sharp turns at full speed.

Their work on this track gave the game a boom and the work of building tracks like the Springfield one commenced in various parts of the country.

The first real six day race in America took place at Washington rink, Minneapolis, in 1886.

The track was a banked one, eight laps to the mile, with small turns.

The competitors were Albert Schokk, M. Woodside, Harwick, Senator Morgan and Shaw.

The men raced twelve hours a day.

Schokk won with a score of 100 miles, breaking all records from 100 miles up.

Eak also inaugurated the six night and day racing in 1888 at Washington rink, Minneapolis.

There were three competitors—Schokk, Senator Morgan and Louise Armandino of Montreal, the greatest woman rider the world has ever seen.

Schokk won the race with a score of 1400 miles, beating Senator Morgan thirty-two miles.

Morgan proved a game contestant. In one stretch of twenty-six miles he was off the wheel but eighteen seconds.

In 1890, two years later, Eak changed for another six day, twenty-four hours a day race, this time at Madison Square Garden in New York.

But this time he would only allow fourteen picked men to compete, and the contest went to Pluggers, Bill Merwin who hung up a new world record, Schokk finished second.

Some of the other competitors were Ashinger, Lamb, Lamson and Frank Albert.

Later, Jimmy Michael stepped in and soon he had all the others easily beaten.

Harry Bramer, Rocky Mountain featherweight champion, who knocked out Jimmy Fox in one round about a year ago, and who has just held his own with such sterling success against Benny Chavez, Louis Murphy, Young Abe Attoll, "Wop" Flynn and Kid Hermann, the New Orleans featherweight champion, is due to arrive here soon.

Bramer is being managed by Frankie Harris, well known local boy. Bramer is expected some time this week, which will give the Oakland boxing colony another feather.

With Malone, Miller, Johnson, Bramer, Joe Benjamin, Arrouney and the rest of the 125-pound boys around, local boxing figures to get more than their share of featherweight contests.

PORTLAND BOY AFTER LOCAL FEATHERS

Joe Dillon, manager of Joe Benjamin, the crack Pacific Northwest featherweight champion, who lately landed Jimmy Fox in four round trouncing, has challenged the winner of Wednesday night's Johnson-Miller tangle.

Benjamin is scrapping around the city at present but is expected to arrive here soon and issue challenges to meet all the featherweights.

MEEHAN LEAVES FOR HOME TODAY

PHILADELPHIA, April 11.—While Meehan, the San Francisco fat boy, decisively defeated Larry Williams in a round go here last night, Meehan gave a great reception and called on to make a speech. Manager Tuxedo Meehan leaves tomorrow for San Francisco. In his eastern campaign Meehan won fourteen contests, five by knockouts and nine newspaper decisions.

HARRY BRAMER WILL START HERE

Harry Bramer, Rocky Mountain featherweight champion, who knocked out Jimmy Fox in one round about a year ago, and who has just held his own with such sterling success against Benny Chavez, Louis Murphy, Young Abe Attoll, "Wop" Flynn and Kid Hermann, the New Orleans featherweight champion, is due to arrive here soon.

COFFEY TO JOIN SEALS IN LOS ANGELES

DENVER, April 11.—"I am leaving today to report to the San Francisco club," said Jack Coffey today, confirming Manager Wolverton's announcement made on the coast yesterday that the former Denver infielder would join the Seals in Los Angeles this week.

The suits which Coffey and his wife filed against James C. McGill, former owner of the Denver club, have been settled out of court. It was learned, Coffey and his wife each demanded \$20,000 for an alleged attack by McGill on Mrs. Coffey. They are reported to have settled for \$1000.

Although Coffey stated yesterday that he was the property of Denver and not in a position to accept an offer from the Pacific Coast league, McGill has released him so he can join San Francisco.

Coffey is an experienced player, a sure fielder and a good hitter. He expects to play shortly.

BEAVERS WALLOP REPUBLICS

VALLEJO, April 11.—The Beaver baseball team strengthened by several star players from the Schwartz ring defeated the Republics yesterday at South Vallejo on Sunday morning by a score of 7 to 6.

BEARS TO PRACTICE AT STANFORD

Carl Zambach, baseball coach at the University of California, will take the California nine to Stanford tomorrow for a practice on the Cardinal diamond, in preparation for the second game of the series next Saturday.

California will line up the same as in the game last Saturday, with the exception that Parrish will be in center in place of Work.

The Amherst Tailors today and will play the final practice game Thursday.

Big League Baseball

WASHINGTON, April 11.—The Philadelphia Nationals yesterday won the last of their exhibition games here with the Washington Americans. In the eighth with the score a tie and the bases filled by scratch hit and two passes, Gailes forced over the winning run by walking Bancroft.

Score: Philadelphia..... 100 100 100-4
Washington..... 100 100 100-1
Batteries..... Alexander, McCullen, Mayer and Fisk; Johnson, Harper, Gallia and Williams, Henry.

FRANK SLOMAN WILL ENTER PENNSY

Frank Sloman of the Polytechnic High School, the Pacific coast record holder in the quarter-mile, will enter the University of Pennsylvania next fall. It is stated that the San Francisco lad had considered Stanford and California as colleges to complete his higher education, but decided that an eastern university would prove more satisfactory. It was stated also in a southern dispatch that Brewster, a star of Seattle, Wash., would also enter the University of Pennsylvania.

ARRANGEMENTS MADE FOR FIELD MEET

Representatives of California and Stanford universities met at the Olympic Club today to complete arrangements for the intercollegiate track and field meet at Stanford next Saturday.

Coach "Dad" Moulton, Captain Murray and Graduate Manager Watson represented Stanford, while Coach Christy, Graduate Manager Strout and Captain Ted Tumble represented California.

At this meeting a complete entry list of all competitors from both universities will be compiled.

SANTEL READY FOR PAT CONNOLLY

Ad Santell, Pacific coast light-heavyweight wrestling champion figures to have a tough engagement on his hands tonight when he meets Pat Connolly, the Irish heavy-weight, champion. Connolly is one of the greatest wrestlers in the game and has defeated Westergaard, Cutler, Dr. Holler, American and many others.

That Santell will have a tough time goes without saying. Two other preliminaries will conclude the card.

CHANCE RELEASES WILLIAMS

LOS ANGELES, April 11.—Johnny Williams, a pitcher who came to the Los Angeles club from the all Lake team last season, was given his unconditional release by Manager Frank Chance, it was announced today before the Angels left for Salt Lake. Williams was slow in rounding into shape.

HEFERE STOPS BOUT

NEW ORLEANS, April 11.—The referee interferred last night in the fourth period of a scheduled fifteen round bout between Mickey Brown of Philadelphia and "One Punch" Hogan of New Orleans, and declared the Philadelphia heavyweight a loser. Hogan was being punished for severely and awarded the decision to Hogan.

VOLLMER SETS NEW 220-RECORD

NEW YORK, April 11.—Herbert Vollmer of the New York A. C. made a new world's record in winning the 220-yard national A. A. U. swimming championship here last night. The time was 2 minutes 25.5 seconds. Vollmer finished about eight yards ahead of Perry McGillicray of the Illinois A. C. Tedford Cann of the New York A. C. was third.

Arthur McAlennan of the New York A. C. retained his title at fancy diving with 142.24 points. Frank Mullen and Lawrence of the same club finished second and third with 137.25 and 131.3 points, respectively.

In the special 100 yard race, Duiko Kahanamoku won in 54.3 seconds.

SPERRY'S BEAT HIPPODROMES

VALLEJO, April 11.—The Sperry baseball team added another victory to its credit here Sunday afternoon by defeating the fast Hippodromes nine by a score of 4 to 0. Up to the 12th inning the visitors led by 5 to 0. Creepi twirled for the Hippodromes while Russo navigated. Both Lundberg and Tommy Horan acted as the battery for the locals. The Sperry nine secured twelve hits, and made two errors. The visitors made no hits and were responsible for three errors.

KELLY POOL—Whose Turn to Buy? By BRIGGS

"Tux" is the genial smoke! There's vim and punch and get-there energy in every fragrant puff. Get the bustling, hustling spirit of "Tux" into your system and it'll give you an outlook on life fresh as a morning glory at 5 a. m.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

A whole lot of men at one time or another have tried to smoke a pipe—and used the wrong tobacco. Result—a hot tongue and "cold feet." Try again with the right tobacco—Tuxedo!

Tuxedo has made thousands of happy, contented pipe-smokers because it's so wonderfully mild and cannot burn, bite or blister the tongue or irritate the throat.

The rich, sun-ripened leaf for Tuxedo is aged 3 to 5 years. Then it's treated by the original "Tuxedo Process"—a doctor's discovery—which removes every particle of bite. There are many so-called processes—all are imitations of the "Tuxedo Process"—none has ever even approached the "Tuxedo Process" in making tobacco leaf mild and wholesome.

Try Tuxedo for a week and learn what it means to love your pipe.

YOU CAN BUY TUXEDO EVERYWHERE
Convenient, glassine wrapped, 5c
Famous green tin with gold lettering, curved to fit pocket 10c
In Tin Humidors, 40c and 80c. In Glass Humidors, 50c and 90c.

THE AMERICAN TOBACCO COMPANY

ROBERT T. HOUGH
Former Solicitor U. S. Internal Revenue Service.

"When a man finds the right tobacco, a pipe becomes his trusted counselor and friend. I have found the right tobacco in Tuxedo. Its mellowness, fragrance and mildness afford perfect enjoyment."

Robert T. Hough

HIGH HURDLE RECORD IS BROKEN

MARTINEZ, April 11.—The county record for the 120-yard high hurdle race in Contra Costa county was broken on Saturday by Malcolm McKenzie, son of Superior Judge A. R. McKenzie, who covered the ground in seventeen seconds flat.

Young McKenzie is in his last year of high school. The race was part of the Contra Costa County Athletic League's meet at Concord.

SPOKANE BEATS COLLEGE TEAM.

SPOKANE, Wash., April 11.—The Spokane Indians easily defeated the Oregon Agricultural college nine here yesterday, 15 to 4, in the first of a series of three practice games.

Score: Spokane..... 15 16 4
Batteries..... Doonille, Willoughby and Supple; Black, Grege, Leonard, Meander and Slegely.

HAUGHTON COACHES HARVARD.

CAMBRIDGE, Mass., April 11.—Percy D. Haughton has been re-engaged for another term of years to coach the Harvard football team, the athletic committee announced last night.

Commercializing of State History, Topic

Commercializing the romance of California as an advertising device to attract tourists was the subject of discussion by Herbert E. Bolton, professor of American History, University of California, before the Advertising Bureau of the Chamber of Commerce today. Clifton E. Brooks presided.

Bolton told of the discovery of Drake's bay, the settlement of San Diego, and other romantic happenings in the history of the state.

Torturic Murder Suspect Arraigned

SAN FRANCISCO, April 11.—James Gaffney, Torturic murder suspect, appeared this afternoon before Superior Judge Griffin for arraignment on charge of murder. A motion by the defense attorney, Edward McKenzie, to quash the indictment against Gaffney was made today, but was denied by Judge Griffin.

LAUNCHES PRECEDE FLEET.
SAN FRANCISCO, April 11.—Three launches, forerunners of a great fleet, were shipped to Salina Cruz, Mexico, today aboard the liner Santa Cruz. The vessels are the property of the Crowley Line and Tug company and will be used at the Mexican port for lightering purposes. Many other launches and tugs will be sent south later.

TO GREAT CARRANZA.
MEXICO CITY, April 11.—Corps of guards have occupied stations on the line between Queretaro and Toluca for the purpose of patrolling the line between this city and Queretaro in anticipation of an early visit to Mexico City of General Carranza. Many high officials already have arrived here.

Suffered The Agony Of a Dozen Deaths

Prominent Farmer in Canada Describes His Recovery and Escape From the Operating Table.

In a letter to friends at Saskatoon, Mr. F. Gifford, of the Ball Rock Farm, Maymont, Saskatchewan, Canada, says: "Thanks to Fruitola and Traxo I am alive. I lay on my back for sixteen days, suffering the agonies of a dozen deaths. I began taking Fruitola and was relieved of a great many gall-stones. My health is now fully restored."

Fruitola possesses properties that act directly upon the intestinal parts. It is a great system cleanser, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and quickly expels the accumulation, to the great relief of the patient. Traxo, is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. It serves to build up and strengthen the weakened, run-down system. Fruitola and Traxo are prepared in the Pinus Laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists.

A booklet of special interest to sufferers from stomach trouble can be obtained by writing to the Pinus Laboratories at Monticello, Illinois.

CHILDREN OF BAY CITIES ARE ENTHUSED OVER TRIBUNE REDUCED-PRICE MATINEE OF THE BURTON HOLMES TRAVELOGUES

Thousands Will Make the "Easy Chair" Trips at the Macdonough Theatre Next Week and See the World's Wonders.

The enterprise of THE TRIBUNE in arranging the special matinees of the Burton Holmes Travelogues, during next week's engagement at the Macdonough theatre, when school children will be admitted for ten cents on presentation of the coupon printed below, has aroused wide interest in the bay cities and last evening hundreds of children were engaged in clipping THE TRIBUNE'S Burton Holmes Travelogues coupons, anticipating the treat that is in store for them.

The children who will see the renowned Burton Holmes "travel pictures" and hear the interesting "travel talks" are going to learn a whole lot about the globe on which we live. They are going to be "easy-chair globe-travelers" and see the world, but they are going to be spared a lot of time and a big expense, thanks to the motion picture camera and the efforts of Burton Holmes and his faithful corps of assistants.

Many people wonder why Uncle Sam has spent millions of dollars in governing the Philippine Islands, and one often hears the remark made: "Oh, it is a waste of money." Well, that person does not know what he is talking about. The children of Oakland and the bay cities who are to see the Philippines with Burton Holmes next week at the Macdonough theatre will be in a position to fully understand why Uncle Sam spends millions in the Philippines, for they are going to travel with Burton Holmes through our colonial possessions. And that is but one feature of the program of the Burton Holmes Travelogues.

The children are going to make a trip through the Land of the Kangaroo, vast Australia, and they will learn that instead of being a dry desert, as many suppose, Australia is as rich in possibilities as our own United States and they will learn this on a trip with Burton Holmes, made possible by THE TRIBUNE.

Then, again, the children will find out a whole lot about South America and its riches and wonderful rivers and waterfalls and they will take a trip through Rio de Janeiro and the beautiful city of Buenos Aires, and learn that hundreds of miles below the equator there is a city that rivals London, Paris and New York in its beauty and wealth, in its civilization and culture, its public and private buildings, its parks and boulevards, its theaters and museums.

And it is because of the educational value of the Burton Holmes Travelogues that THE TRIBUNE has arranged for the daily special matinees at the Macdonough Theatre, starting next Sunday and continuing through the week. Remember, school children of Oakland, Alameda and Berkeley. The TRIBUNE'S special daily matinees of the Burton Holmes Travelogues will take place April 17 to 22, at the Macdonough Theatre and you will be admitted to the theater for TEN CENTS on presentation at the box office of THE TRIBUNE—COUPON PRINTED BELOW.

The regular matinees cost 25 cents and the evening prices for the Burton Holmes Travelogues will be 25 and 50 cents.

Oakland Tribune's Burton Holmes Travelogues Coupon
GOOD FOR SCHOOL CHILDREN ONLY AT THE MACDONOUGH THEATER
Any Special Matinee Daily at 4 P. M.
Monday to Saturday, April 17 to 22.

On presentation of this Coupon and ten cents. Good for any seat in the theater.

Blue Bird Bureau

Department of Good-Fellowship

Here is a little note which was handed in to the Blue Bird Bureau today:

"A small amount toward her fare home for the young girl from Siskiyou county. From an earnest sympathizer who wishes it were much more."

Enclosed in this note was \$1. This young girl referred to is Muriel, whose mother and grandmother live high up in the mountains of Siskiyou county, and who are anxiously awaiting the return of their 15-year-old girl who left her home to come here to work. Since coming here Muriel's health has failed her, and now she is neither able to work or go home, for she has no money. Her mother, also, has no money to send her. The price of a ticket may save her life, but at any rate it does seem that all of us together could help to make her last days happy by purchasing a ticket to get her back to her old home.

We have started a subscription fund for Muriel. Let's see how quickly we can raise the \$15 which is necessary to buy the ticket. It would not take long if everyone was to give just the small amount of 25 cents, or whatever they could spare.

Here is another little note which was received today: "I am 10 years old, and I love to read every day what good things the Good Fellows do for so many people. I have read about some good things you get for boys and girls. Lots of times I have wondered if anyone had a ukulele they did not want any more. I do want one so badly and so does my sister younger than I, but one would do for us both."

Upon investigating this case we find that the mother of this 10-year-old girl is unable to procure the instrument for her. The fact of the matter is that they are without a great many of the necessities of life, but if a

ukulele would help to make these two children happy, why not try? "Music hath charms."

"Today we had a request for a trunk from a man who needed one very badly, but before we had time to tell anyone about it the phone rang and we learned that a trunk was at our disposal. Of course this woman shall have it, but why, wasn't that quick work? Talk about mental telepathy, well—"

"Please, could I have a dollie?" This came from a little tot, dirty and shabbily clad, of about 4 years, who entered this bureau today alone. Her little hands were outstretched, and yellow curls, no doubt, if a little soap and water be applied and a hair brush used, but for the lack of a little water and elbow grease it looked more the color of bale-pale which had given about six months' hard service. However, let's get back to the doll. Perhaps some girl who thinks she is now too old to play with dolls has one which her womanish pride has persuaded her to discard. If so—

"Please, could I have a dollie?" Who can refuse the appeal of a little child?

A widow with four small children is looking for a couch, a piece of table oilcloth and some linoleum.

At the present time she is sleeping on a mat, but it is very shabby and full of holes. They have to get out of a little which has no spread of any kind, and the floors are bare. What a big difference a few things of this kind make in a home. Oilcloth is something that housewives are continually buying to keep their kitchen tables and pantry shelves clean and neat.

What do you do with the old pieces that you take off? If you have thrown them away, but are now contemplating buying some new, could we have the old to give to the widow? The same with the linoleum. Of course with the couch it's a little different. People don't buy couches as often as they do oilcloth, but perhaps you have an old one stored away that could be put to good use by the mother of these four children; that is, if you are through with it.

New Submarines in Black Sea, Report

COPENHAGEN, April 11.—German submarines, larger and speedier than any previously known, have appeared in the Black Sea, according to the Constantinople correspondent of the Vossische Zeitung (Berlin) who asserts that it was one of these that torpedoed the Russian hospital ship Porosoff.

The Porosoff was sunk in the Black Sea March 30. At the time she had a large number of wounded aboard. An official statement issued by Petrograd declared that a German submarine had sunk the ship. Neither Germany nor Turkey has made any announcement on this subject.

Deputy Assessor's Marital Life Short

SAN FRANCISCO, April 11.—The joy of matrimony proved exceedingly brief for Mrs. Marion E. Morrow, wife of Howard L. Morrow, deputy assessor of San Francisco, and her experience of the days immediately following the honeymoon are set forth in a divorce complaint, heretofore with cruelly charged, filed today. The couple separated two months after their marriage, which occurred January 6, 1915, at San Mateo. Mrs. Morrow tabulates her accusations as follows:

January 9, husband stayed out all night; February 15, threatened to kill her; March 17, slapped her face.

The Morrow resided here at the Hotel Winsor, 238 Eddy street. The former bride is now at the Hotel Mercury.

War Delays Building of Canadian Lines

WINNIPEG, Man., April 11.—Despite the reiterated contention that there is plenty of money in Western Canada, came the announcement today that several railways for which charters have been obtained will not be built this year on account of the war.

The time for the building of the Calgary-Edmonton railway has been extended. The Central Western railway, building from Winnipeg to Edmonton, via Yorkton, Saskatoon and Battleford, will delay further construction.

Driven From Mexico, Penniless, Ends Life

SAN JOSE, April 11.—Porter Vale, mining engineer, shot himself to death in a local hotel. He had told friends that he was driven from Mexico by the war and had lost all he possessed. All marks of identification and all personal effects had been removed. The man had stated to friends that Vale was not his real name. The profile of a woman and a butterfly were tattooed on the left forearm.

Financiers Inspect Big Delta Purchase

SACRAMENTO, April 11.—A large party of Los Angeles capitalists, headed by Stoddard Jess, banker, and George B. Cochran, president of the Pacific Mutual Life Insurance Company, are today making a final inspection of 67,000 acres in the delta, on which they have an option. They will spend \$1,500,000 in reclamation work.

Fourteen Villistas Ordered Put to Death

EL PASO, April 11.—Immediate execution of fourteen Villistas captured at Madera has been ordered by General Gavira. He stated today that they were part of the bands dispersed by Americans in the southward sweep.

"THE BLUE BIRD FOR HAPPINESS"
"Heads up, work hard, keep smiling and lend a hand"—that's the motto of the Blue Bird Bureau, THE TRIBUNE'S Department of Good-Fellowship. To show people who are willing to help others just how to go about it without putting a tax on any one, to provide happiness swiftly without publicity, to make life lighter and give childhood its birthright, is the purpose of the Blue Bird Bureau. If interested, phone Lakeside 6000.

ALASKA DOGS OFF IN SWEEPSTAKES

NOME, Alaska, April 11.—The annual all-Alaska sweepstakes dog team race, 125 miles over the snow trail from Nome to Candle and return, began today at 9 o'clock. The racing teams started at one minute intervals. Two thousand dollars for the purse was obtained at the Sweepstakes Carnival Saturday night. Four teams were entered last night.

The teams were driven by Leonard Sepala, winner of last year's race, who took out seventeen dogs; Bobby Brown, who drives twelve dogs; Fay Dargene with fifteen dogs; and Paul Kiestad, driving fifteen. The trail is in the best condition, the weather of the last few days having been too warm for conditions to promise a fast race.

Belgian King Gives Thanks to America

NEW YORK, April 11.—A cablegram from King Albert of the Belgians to the commission for relief in Belgium was made public here today as follows:

"All my best thanks for the wishes that come from you and from the people, co-operating with the commission for relief in Belgium that you have expressed to me."

Belgian King Gives Thanks to America

NEW YORK, April 11.—A cablegram from King Albert of the Belgians to the commission for relief in Belgium was made public here today as follows:

"All my best thanks for the wishes that come from you and from the people, co-operating with the commission for relief in Belgium that you have expressed to me."

King Albert alluded to the expression of good wishes sent in the occasion of his birthday, Saturday. The campaign begun that day by the Daughters of the American Revolution to raise \$100,000 for Belgian relief through the sale of Belgian flags, was continued today.

Engineer Loses Life as Ship Capsizes

PUREKA, April 11.—The wrecked gasoline school Magnolia, towed into port yesterday by the Associated tug Relief, was yesterday pumped out and righted.

The body of Engineer Edward Baker was found in the engine room of the craft, badly mangled. Baker evidently having been killed by being thrown against the revolving flywheel as the vessel turned over. The vessel was but slightly damaged.

According to a telephonic message from Captain Crane of the gasoline schooner Cover, Baker was supposed to be that of Captain J. E. Johnson of the Magnolia, was seen floating near where the schooner was piled up.

Liebknecht Again Forced to Silence

LONDON, April 11.—Dr. Karl Liebknecht, Socialist, has again been refused permission to address the Reichstag, according to Reuters' Amsterdam correspondent. The refusal to permit him to address the chamber came during a discussion of the second reading of a bill providing for payments of compensation to disabled soldiers in a lump sum, instead of by pension. When Dr. Liebknecht asked permission to speak, the President of the chamber is reported to have replied:

"I cannot allow you to speak on a standing order because you have repeatedly abused your opportunity in order to injure the dignity of the house."

QUITTS BANK.
L. G. Bonzagni has resigned as manager of the Oakland branch of the Italian Popular Bank to go into business for himself. He will be associated with Desoto G. Galanis, attorneys, as the representative of several foreign corporations and as a notary public. He has been succeeded at the bank by J. P. Oliva, well known to the Italian residents of the bay cities.

POLICE PRESENTED PRIZE CUP.
The beautiful loving cup won as a trophy by the tug-of-war team of the police department was presented to the team last night at a banquet of the police and fire departments held at the Hotel Oakland. Commissioner F. F. Jackson was a guest of honor at the banquet. The presentation was made by J. T. Moran, donor of the cup.

Cuticura Soothes Itching Scalps

On retiring touch spots of dandruff and itching with Cuticura Ointment. Next morning shampoo with Cuticura Soap and hot water. This treatment does much to keep the scalp clean and healthy and to promote hair growth.

Sample Each Free by Mail
Write for 25¢ box on the skin. Address post-card: "Cuticura, Dept. 24C, Boston." See everywhere for A-K Tablets. They are also used for headache, neuralgia and all pains.

The Treatment of Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for influenza or La Grippe. In an article in the "Lancet" Clinic, Dr. James Bell, of New York City, says he is convinced that such medication is both unnecessary and injurious.

When called to a case of La Grippe, the patient is usually seen when the fever is present, and the chill, which occasionally ushers in the disease, has practically passed away. Dr. Bell then orders that the bowels be opened freely with salts. "Acetolids" or severe headache, pain and general soreness, one anti-kama tablet every three hours is usually followed by complete relief. Ask for A-K Tablets. They are also used for headache, neuralgia and all pains.

TWELFTH AND BROADWAY.

Germany Not to Dictate Peace, Asserts Asquith

LONDON, April 11.—On the occasion of a government reception to visiting French senators and deputies at Lancaster House last night, Premier Asquith took the opportunity to reply to the speech recently delivered in the Reichstag by the Imperial German chancellor, Dr. von Bethmann-Hollweg.

Those present included Earl Kitchener, the Marquis of Lansdowne, Sir Edward Grey, J. Austen Chamberlain, Sir Walter Runciman, Lewis Harcourt, Viscount Bryce, A. J. Balfour and Lord Robert Cecil. The premier, in proposing the toast "Our Guests," referred to von Bethmann-Hollweg's claim to readiness on the part of Germany to negotiate peace, and said:

"The German chancellor wants us to assume the attitude of a defeated to a victorious adversary. But we are not defeated; we are not going to be defeated."

Reiterating that the entente allies were prepared only for peace on the terms of his declaration of November, 1914, Asquith proceeded:

IS MISQUOTED.
"The chancellor first misquotes my language, then proceeds to distort its obvious meaning and intention. Great Britain and France entered the war not to strangle Germany or wipe her off the map of Europe, nor to destroy or mutilate her national life; certainly not to interfere with, or use the chancellor's language, the free exercise of her peaceful endeavors."

"As a result of the war, we intend to establish the principle that international problems must be handled by free negotiations on equal terms between free peoples, and this settlement shall no longer be hampered or swayed by the overmastering dictation of a government controlled by a military caste. That is what I mean by the destruction of the military domination of Prussia—nothing more, but nothing less."

Referring to the fate of Serbia and Montenegro, following a similar fate suffered by Belgium, the premier said:

"We are in this struggle, the champions not only of treaty rights, but of the independent status and free development of weaker countries. In the circumstances, cynicism could hardly go further than in the chancellor's claim that it is for Germany, — of all powers — to insist, when peace comes, upon giving various races a change for free evolution along the lines of their mother tongue and national individuality. Apparently, this principle is to be applied, I suppose, on approved Prussian lines both in Poland and Belgium."

Containing that the Poles have had an illuminating experience of the German ideas of a free evolution of this kind, Asquith continued:

"The attempt to Germanize Poland has been for the last twenty years at once the strenuous purpose and colossal failure of Prussian domestic policy. Nobody knows this better than the chancellor, for he has been one of its principal instruments."

"The wholesale strikes of Polish children against the attempts to force the employment of the German language; the barbarous floggings inflicted upon them; the arrest and imprisonment of the mothers," continued the premier, "form a black chapter even in the annals of Prussian culture. It is with this record that the chancellor sheds tears of the fate of what he calls the long-suppressed Polish race. I wonder what the Polish race itself thinks of the prospect the chancellor opens to it."

"The chancellor says that after the war there must be a new Belgium, which must not be a Franco-English vassal, but between whose people and the Germans, who burned their churches, pillaged their towns, trampled their liberties, there is to be in the future 'the collaboration of neighbors.'"

His answer is a very simple one. The allies desire and are determined to see once again the old Belgium. She must not be allowed to suffer permanently from the war, and wicked invasion of her freedom and that which has been broken down must be repaired and restored.

Declaring that he would not waste words upon the chancellor's "name and half-hearted attempt to justify the whole of the war, the submarine for the destruction of lives and property," the premier said:

"The allies are prepared to justify the legality of all the measures they have taken as covered by the principles and spirit of international law applied to the developments of modern war. These have been carried out with the strictest regard to humanity, and we are not aware of a single instance of a neutral life having been lost by reason of the allies' blockade."

Remarking that the German blockade of Great Britain had developed long before the British order in council of March, 1915, was shown by the sinking of the Dutch steamer Maria and the American sailing vessel V. P. Frye, and Germany's declaration of a submarine blockade of the United Kingdom on February 9, 1915, Asquith declared:

"It was not until March 11 that we announced those measures against German trade which the chancellor now suggests were the cause of the German submarine policy. I need not dwell upon the flagrant violation which has attended its execution of the elementary rules and practices of international law and of the common duties and obligations of humanity. Up to this moment it is being ruthlessly carried out, as well against neutrals as belligerents."

Germany Will Force Peace Cry

BERLIN, April 11.—German war minister, General Adolf Wild von Hohenborn, has made the following statement in the Reichstag:

"I refrain from making any extended statement to you in the military situation, as the daily reports from headquarters enable the nation to follow the satisfactory developments of military affairs on all the fronts. Our army reports are phrased with military brevity, but, in contrast with those of our enemies, they are always true."

"A victorious country has no need to make excuses. That we have been victorious a glance at the map shows. This our enemies also know, though they do not admit it. That we shall be victorious throughout until the glorious end is guaranteed by the heroism of the army, the united will of the people, the moral strength of the nation and an abundance of all things necessary to carry on the war."

the elementary rules and practices of international law and of the common duties and obligations of humanity. Up to this moment it is being ruthlessly carried out, as well against neutrals as belligerents."

Great Nerve and Blood Tonic M.I.S.T. No. 2

M.I.S.T. NO. 2 HAS CURED
Rheumatism, Inflammation of the Bladder or Enlarged Prostate Glands, Blood Poison, Diabetes, Stricture, Cancer

It is no stimulant. Reports from patients prove that its effects are permanent and lasting. In addition to the above—M.I.S.T. No. 2 has cured many cases of diseases pronounced by physicians and specialists to be Paralysis, Locomotor Ataxia, Spinal trouble and apparently incurable diseases of the nerves.

M.I.S.T. No. 2 has been on the market for over 35 years and thousands of sufferers have written us they have been cured by its use. It is prescribed by many physicians. It is pleasant to take and absolutely safe. It never increases or diminishes the action of the heart. If you are suffering from any Chronic Disease you are urged to write to us—no matter how many doctors or medicines you have tried without relief.

FREE That you may judge the value of M.I.S.T. No. 2 for yourself, we will send you a sample—FREE. Write confidentially, giving symptoms.

'TIZ' FOR ACHING, SORE, TIRED FEET

Use "Tiz" for Tender, Puffed-up, Burning, Calloused Feet and Corns.

"Tiz" makes my feet smaller."

People who are forced to stand on their feet all day know what sore, tender, aching, burning feet mean. They use "Tiz," and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pain in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes don't tighten and hurt your feet.

Get a 25-cent box of "Tiz" now from any druggist. Just think! A whole year's foot comfort for only 25 cents.—Advertisement.

STOMACH AGONIES DUE TO POISON

One Dose of Remedy Sweeps Pain Away—Hundreds of Thousands Restored.

Marr's Wonderful Remedy is unlike any other. It sweeps the Bile and Poisonous Catarrhal Accretions from the System. Soothes and allays inflammation in the intestinal tract, the cause of serious and fatal ailments, such as Gall Stones, Appendicitis, Acute Indigestion, Colic and Ulcers of the Stomach and Intestines, Yellow Jaundice, Constipation, Gastritis, Auto Intoxication, etc., etc. In every locality there are grateful people who owe their complete recovery to Marr's Wonderful Remedy. Thousands say it has saved them from the knife. The most thorough system cleanser known. Contains no alcohol or habit-forming drugs. FREE booklet on Stomach Ailments. Address Geo. H. Marr, Mfg. Chemist, Chicago. Better yet, obtain a bottle of Marr's Wonderful Remedy from Osgood's Dept. Drug Stores, or any reliable druggist, who will refund your money if it fails.—Advertisement.

How to Destroy Catarrh Germs and End Catarrh Forever

Catarrh is a germ disease and the only way to cure it so it will stay cured and never come back is to destroy the germ of your system the catarrhal germs which have found lodgment there. When the germs go the trouble with mucus, like sprays, salves, creams, greasy balms, lotions, etc., is that they give only temporary relief by opening up for a while the clogged throat and nostrils. In a little time the Catarrh comes back as bad as ever. People who suffer continually from Catarrh should drop such temporary make-shifts and get something that really gets to the root of the disease and stamps it out. There is nothing better for such cases than breathing into your nose and lungs the pleasant, soothing, healing, germ destroying High-O-mel made from purest oil of Eucalyptus and combined with other powerful healing, antiseptic and germ destroying ingredients. Hyomal penetrates and heals the inflamed, swollen membranes of your nose and throat, stops discharges, clears the passages and completely overcomes the disease by destroying its cause. For catarrh germs cannot live in your body after Hyomal reaches them. The Owl Drug Co. and many other good druggists in Oakland and vicinity have long sold Hyomal on a positive guarantee of successful results or money back and find this generous policy pays. Most druggists are now giving a pocket inhaler made from hard rubber with a very complete treatment sold. This makes a very simple, easy and convenient as well as thoroughly reliable means of treating the best-known method this dangerous and often debilitating disease.—Advertisement.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get about two ounces of plain powdered nioxin from any drug store—sprinkle a little on a hot, wet sponge—rub over the face, wash briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. The skin is a spongy, elastic, only cause irritation, make large pores, and do not get them out after they become hard. The powdered nioxin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in the place of the blackheads. Anybody troubled with these unsightly blemishes should certainly try this simple method.

No Trouble to Remove Superfluous Hair

(Toilet Tips)

It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered delatone, apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but avoid disappointment, be certain to get real delatone.—Advertisement.

Plan Idora Concerts Denver Leader Here

FRED F. FORMAN.

Forman to Direct Series at Resort

The opening of Idora Park Saturday also means the opening of a season of band concerts by Forman and his company of premier musicians. This band has been contracted to appear at the park for an extended engagement and will be heard for the first time Saturday afternoon.

Forman is regarded as one of the country's best interpreters of the popular in musical selections, and for those who like the light and airy in musical numbers it should be a real treat.

Fred F. Forman is the former leader of the famous Denver municipal band and prior to his work there was assistant conductor of Thomas Preston Brooke's famous band.

Auto Goes Over Bank; One Killed, One Hurt

MCKITTRICK, Cal., April 11.—Turning his attention for the moment, it is said, to his companion, who was reaching out of the automobile in which they were driving endeavoring to catch some letters from a road worker as they passed, Charles E. Tanner turned the machine off a 200-foot embankment on Temporal grade, twenty-five miles west of here, yesterday.

The machine turned over several times before landing on the bottom and when reached by the grading crew Tanner was found dead and M. Meigs, his companion and owner of the car, seriously injured. Both men are from McKittick.

Post Saves Party in Auto; Woman Injured

MARTINEZ, April 11.—A fatal automobile accident was prevented by a post at Berry hill, which is about half-way between this place and Oakland. A five-passenger motor car, driven by Andrew Nicholas of Alameda, went over a twenty-foot embankment and struck a post, which became imbedded in the machine, keeping it upright. The radiator of the car and the windshield were smashed, but otherwise the car was unharmed.

With Roland in the machine were his wife and a small baby. Mrs. Pearl Purnell of Alameda, and Frederick Myers and Bert Burgess of San Francisco. Mrs. Roland was badly cut with flying glass, and the other occupants of the car were also cut and bruised. The baby was uninjured.

Little Leaf Disease Menace to Peaches

SACRAMENTO, April 11.—California's peach crop is going to be seriously affected by the disease "little leaf," according to George P. Weldon, deputy horticultural commissioner.

Accordingly the State is sending out another call to the Federal Government asking for help in determining the cause and the cure. Weldon says that the malady is found as far south as the Tehachas, but does not extend at present much farther north than Stockton.

The malady causes the leaves to grow only to half or quarter the normal size. After a time the twigs bearing these leaves die, and if the disease is bad enough the tree succumbs.

Father Was Chum, Says Boy in Court

LOS ANGELES, April 11.—"Father is the one who sat by my side when I went to bed at night and said my prayers. He is a good man and a good chum to me," wrote Northrup Auerbach, 15-year-old son of Emil Auerbach and Mrs. Maud M. Auerbach, over whose custody the parents are fighting in local courts.

A cross complaint is on file today permitting Mrs. Auerbach to visit her son once a week. Both the parents are wealthy.

BISURATED MAGNESIA

For dyspepsia, indigestion, souring of food, gas, and hyperacidity of the stomach (acid stomach). A teaspoonful in a fourth of glass of hot water usually gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 50 cents per bottle.—Advertisement.

BEACH DE LUXE IDORA

Long's Delicious, Percolated Coffee with Sandwich, 10c. at Long's Market.

INSURANCE FUND THEFTS ALLEGED

Saloonman Faces Jury on the Charge of Aiding Looters.

TACOMA, Wash., April 11.—Taking of testimony in the case of Arthur Young, former saloon man of this city, who is charged with first degree forgery for his alleged participation in the looting of the state industrial insurance funds of nearly \$20,000, began today before Superior Judge Card. The jury, composed of four women and eight men, in whose hands Young's case will rest, was obtained and sworn in yesterday afternoon. Adjournment was taken until this morning to allow Assistant Attorney General John M. Wilson, who is conducting the prosecution, to prepare his opening statement.

The specific charge against Young is that he cashed a warrant for \$75.00, issued in favor of a fictitious "John Morgan" in payment of a fraudulent claim for compensation for an injury supposed to have been received while engaged in road work in Pierce county, "knowing the same to be false and fraudulent."

The fraudulent workman's claims is one of several which Frank W. Stone, confessed forger, declares he wrote at the dictation of John F. Gilles, former claim agent of the State Industrial Insurance Commission, who recently was convicted on two counts for his part in the graft operations. Stone will testify.

Canadian Banker Is Held in Minnesota

ST. PAUL, Minn., April 11.—Ernest L. Smith, former manager of the Broad-street branch bank of Regina, Sask., wanted by the Canadian police for cashing alleged bogus checks for more than \$100,000, is held by the police here for the Canadian authorities.

The arrest of Smith, according to the police, completes the capture of a trio accused of highway irregularities at Regina. Joseph Brown, chief clerk of the highway department of the Saskatchewan government, for whom Smith is alleged to have cashed the checks, was arrested at San Antonio, Tex., three weeks ago.

E. H. Devline, a member of the legislature, also accused in the alleged illegal transactions, was arrested at Seattle ten days ago.

'HER HUSBAND MAY BE PROSPEROUS, BUT HER CLOTHES DON'T SHOW IT'

"That's true, Amy. But whether her husband is getting along well or not, she could wear smart, attractive clothes by getting them AT CHERRY'S."

"I've worn pretty things for years, simply by using my credit to get them when I needed them—instead of waiting until I had the money."

It's a wonder to me that every woman doesn't appreciate the advantage of trading with CHERRY'S.

"I've thought that myself, Amy; but there are hundreds already in Oakland who depend upon CHERRY'S for everything, and new names are added to their books all the time. It's a splendid location, I think, at 515 18th street between Washington and Clay streets."

"And CHERRY'S assortments are so exquisite this spring, Barbara! I never saw lovelier things."

"Perhaps you know CHERRY'S addresses. Their ladies' store is at 515 18th street, and remember they have another beautiful store exclusively for men right across the street at 523 18th street. Their two San Francisco stores are located at 1009 Market street and 2400 Mission street. Other stores on the Pacific coast are at Portland, Tacoma, Sacramento and Los Angeles."—Advertisement.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is really more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quartor pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Advertisement.

Funeral Rites Said for Antone Rogers

SAN LEANDRO, April 11.—Funeral services were held this morning for Antone Rogers, a pioneer resident of this city and father of A. A. Rogers, deputy district attorney of Alameda county, who died at his home, 856 Newton avenue, early Sunday morning. Requiem high mass was celebrated in St. Leander's church.

Rogers was 80 years of age and was a native of the Azores islands. He had lived in San Leandro for forty years. Besides the son, A. A. Rogers, he leaves a daughter, Mrs. Jessie

Cincinnati May Buy Zoo for Municipality

CINCINNATI, April 11.—A special election here today will determine whether \$500,000 in bonds shall be issued to purchase the zoo, making the collection of animals a municipal asset. If the bond issue is carried, a campaign will be launched to secure a \$250,000 endowment to help maintain the zoo. Cincinnati already owns and operates a railroad, university and hospital.

Woods, of Hayward, and six other sons and two daughters, all living in Alameda county.

Lobster Palaces Can Have "Bubble Water"

PARIS, April 11.—Despite twenty months of disquieting official communications relating to Champagne, Americans with a thirst, and the wholesalers to purchase "bubble water," for which the French department is famous, need not worry about this supply being exhausted. Despite the war, Champagne is exporting more and more of its beverage to America every year. It is announced that a supply of great proportions remains for the future. During 1914 the department exported 91,645 dozen bottles of champagne to America. During

Wireless Apparatus Placed in Courtroom

SEATTLE, April 11.—Two sets of wireless receiving instruments and aerial apparatus were set up today in Federal Judge Neterer's court, where the Marconi company is suing the Kilbourne & Clark company of Seattle for alleged patent infringements. Judge Neterer hooked a headpiece over his ears and listened to messages flashing in from the ocean.

In 1915 the amount increased to 112,822 bottles, and 1916, say the wine growers of Champagne, promises to produce even a greater figure.

MURAD

THE TURKISH CIGARETTE

REMEMBER—Turkish tobacco is the world's most famous tobacco for cigarettes.

Why pay 25 cents for Cigarettes?
To get the quality, you say.
Very well—then buy Murad, THE Turkish Cigarette.
Because—Murad, at 15 Cents is equal to most of the 25 Cent Brands, being made of rare, pure, highly aromatic, imported Turkish leaves.

Judge for yourself
Compare Murad
with any 25 Cent
Cigarette.

TUESDAY, APRIL 11, 1916.

Propaganda may be organized here, disseminated to any other corner of the world and against any nation, friendly or otherwise, without effective hindrance from the federal government. In the last few years revolutions have been hatched here against organized authority in Mexico, in China and India; plots have been laid

These salient features of the two means of providing traffic facilities between Oakland and Alameda are so fundamental as to be easily understood by the ordinary, untechnical mind. They also appear, to us, to be deciding factors in the selection of the bascule bridge. Again we urge that the officials and the interested citizens of both communities give this matter their earnest attention and lend their support to the speedy construction of a modern bascule bridge and the removal of the present crude and obstructive bridges.

Why this condition of the aeroplane service after twenty months of the European war when day after day the scouts of the belligerents have been taken to the test and demonstrated their valuable aid?

The answer is not hard to find. The Wilson administration has calmly ignored every valuable military lesson taught by the warring countries. It has slumbered on, indifferent to the imperative necessity of bringing the deficiencies of the country up to the standard demanded by thinking citizens. And the flying corps of the army—well, where is it and what can it do?—Brooklyn Standard-Union

CLUB ADOPTS BABY WOMEN SEW FOR LAD

**Berkeleyans Devoting
Time for Health and
Safety**

**Teddy, Child of Mystery,
Not to Lack for Nice
Clothes**

BERKELEY, April 11.—"Teddy" is not to lack for clothing to keep warm his chubby little limbs. The infant which Miss Catherine Woolsey found one evening on the doorstep of the home of her father, Dr. Frank R. Woolsey, and who since has been cared for by the nurses of Roosevelt hospital, has a women's club of Berkeley devoted to his special health and comfort.

The club met this week at the home of Mrs. J. P. Hughes for luncheon. The whole afternoon was devoted to sewing garments for "Teddy," who now has a thoroughly warm and cozy outfit. The ladies will sew again for him at a later date when he has outgrown his present wardrobe.

The parents of the tiny mite have never been found. Miss Woolsey, who is a sophomore student, answered the bell at her residence one evening a month and a half ago, to find a man who asked for her father. Informed that the man was about, he departed. A moment after Miss Woolsey had closed the door the bell rang again, and she returned to the porch to find there a bundle which later proved to contain a day-old boy.

When she opened the door, an automobile, in which she could faintly discern the figure of a man, and a woman, was drawing away from the home. Nurses at Roosevelt hospital took the child to their arms and have cared for him since that time. They propose keeping him at least a year.

Besides Mrs. Hughes, the club which has contributed his clothing includes: Mrs. C. B. Thatcher, Mrs. Cynthia Walker, Mrs. W. N. Williams, Mrs. H. C. Kilder, Mrs. G. F. Marshall, Mrs. E. F. Lorenz, Mrs. H. V. Finch, Mrs. E. F. Martin and Mrs. W. P. Smith. Mrs. Smith is to receive the baby at her home on Prince street, April 19, at her home on Prince street.

**Hughes Is Favorite
in Iowa Primaries**

DES MOINES, April 11.—On returns available today in yesterday's primary, W. W. Marsh of Waterloo led E. G. Dunne of Mason City by a wide margin for Democratic national committeeman. Marsh's adherents claimed that his supporters had also elected delegates adverse to the national convention, and Senator Albert Cummins, Republican candidate for President of the United States, was far ahead of the number of votes cast for President Wilson, the Democratic candidate. In some precincts the names of Root, Roosevelt, Hughes and Sherman had been inserted in the ballot in place of Cummins. Hughes appeared to be the favorite and as far as can be learned Sherman got one vote in the state.

Elmer J. Burkett of Lincoln, Neb., on the strength of today's returns, is believed to have polled nearly twice as many votes for the Republican vice-presidential ticket as his opponent, William Grant Webster of Chicago.

John T. Adams of Dubuque won a two to one victory over John Olson of Forest City for Republican national committeeman.

**Mrs. Waldorf Astor
Gives Birth to Son**

LONDON, April 11, 4:40 a. m.—Mrs. Waldorf Astor, formerly Mrs. Nannie Langhorne Shaw of Virginia, gave birth to a son in her London home yesterday.

Col. Roosevelt Kisses Waitress--'Twas His Daughter; Sick Tenor Sings as Death Comes; Guns More Attractive Than the Marriage Altar to Actress' Husband; Light Bulb Is Urged as a Diet.

NEW YORK, April 11.—Dying: John Bardsley, a tenor, sat up in bed, sang, "Drink to Me Only With Thine Eyes," and fell back dead.

CHICAGO, April 11.—"Basil Hammil is happier facing German guns than facing the altar," said Elsie Janis, actress, denying she was going to marry her former leading man now fighting with the French army.

NEW YORK, April 11.—Onlookers gasped when Theodore Roosevelt kissed a waitress at the Flower Show here, but the event lost its kick when it was found she was his daughter, Mrs. Richard Derby.

NEWARK, N. J., April 11.—Mrs. Ella Smith of Rooneton is suing for divorce, alleging that her husband tried to make her eat an electric light bulb.

AMSTERDAM, April 11.—Although the owner of a restaurant at Louvain hung out a sign bearing the name "Cafe Wilson," thinking it would prevent Germans from interfering with him, Teuton military authorities have closed the place, charging the manager violated liquor regulations.

LOS ANGELES, April 11.—"I voted for Henry Clay in the 1844 presidential race and I'll still be a voter in 1920," was the prediction made today by Asahel A. Annas, following the celebration of his ninety-sixth birthday.

NEW YORK, April 11.—The Presbytery of New York today by a vote of 64 to 3 accepted as Presbyterian ministers three seminary graduates who refused to affirm the Biblical accounts of Christ being born of a virgin, of Lazarus being raised from the dead and of Jonah being swallowed by a whale.

B'NAI B'RITH WILL INITIATE BIG CLASS

**Event Tonight to Be Greatest in
History of Organization
Is Plan.**

Oakland lodge No. 252, Order of B'nei B'rith will celebrate the greatest event in its history tonight at Covenant hall, Twenty-fifth and Webster streets, at 8:15 p. m. The degree team of the grand lodge from San Francisco, in new full regalia will initiate and confer the full degrees to the one hundred and twenty-five new candidates of Oakland lodge and show stereotyped slides.

Second grand vice president of the Constitution grand lodge, Lucius L. Solomon, will deliver the oration of the evening.

President Morris Mazon announces a song, a dance and refreshments. A song time to all is required. Chairman Wachs and Vice-Chairman Milton Mazon of the membership campaign will have charge of the initiation ceremonies.

Milton Mazon won first prize for the largest number of members gained; second prize was awarded to J. A. Buchman and third prize to L. Stock.

All visiting members are welcome.

**First U. S. Oil Suit
Against S. P. Started**

WASHINGTON, April 11.—The first of hearings in the government suit against the Southern Pacific railroad to recover lands in Southern California granted to the railroad in 1895 and afterward found to contain oil was held today before Federal Judge Bledsoe. The hearings probably will last at least two weeks.

Today's session was devoted chiefly to testimony concerning technical procedure involved in the issue of patents to land.

The government seeks to establish that the railroad knew the land contained oil, although the government did not, at the time the patents were inspected.

San Franciscan Is Killed in Trenches

OTTAWA, Ont., April 11.—A list of casualties among Canadian troops yesterday includes the name of Captain A. Whiteside of San Francisco, killed in action March 23.

SUES CAB COMPANY.
Suit for \$10,000 damages has been commenced in the Superior Court by Florence Baxter, administratrix of the estate of Mrs. Annie Rodgers, against the Blue Taxiway Company. The complaint sets forth that an auto belonging to the defendant ran over and killed Mrs. Rodgers at Ninth and Broadway last December. Mrs. Rodgers left two children.

NINE CITIES NAME HEADS AT ELECTIONS

**Former San Leandro
Officials Fail in "Come
Back"**

**Two Women Chosen,
Balloting in Some
Places Close**

Two women were elected to office yesterday in the town elections held in the bay region. One will serve in this county. Mrs. Laura A. Isom, being elected, treasurer of Albany, and the other in Contra Costa county, where Miss Ridgeway was named town clerk of Walnut Creek.

Nine elections were held yesterday about the bay, the municipalities naming new officers being Emeryville, Pleasanton, Livermore, Piedmont, Albany, Hayward, San Leandro, Concord and Walnut Creek. There was a lively fight in Albany over the position of treasurer, where Mrs. Isom defeated six candidates. In Walnut Creek two women were running for the office of town clerk, Miss Ridgeway defeating Mrs. J. Gamble for the office. Both women conducted whirlwind campaigns.

The bitterest fight of all the elections was that of San Leandro, where Mayor J. Gill and the trustees recently brought before the Grand Jury an accusation of embezzlement at the hands of the voters. They lost every former official failing in his attempt to "come back." The contest has been waged with bitterness for weeks and lively campaign meetings in which charge and counter charge were bandied, marked the weeks before election.

SAN LEANDRO ELECTION.
The candidates who failed to "come back" were Mayor J. Gill and Trustees Manuel S. Rogers and Henry B. Belding. The new officers elected were: Trustees, Allen Pelton, C. O. Ridsdahl, F. B. Granger, Michael Gelsenhofer and M. P. Rodriguez; Mayor, Cannon; treasurer, Leo Bratscher. Total vote, 152.

In Livermore there was practically no contest. In Emeryville, Deputy County Clerk Joseph Clark, appointed on the death of a member of the board two weeks ago, was elected to occupy the place. Some complaint was made by the fact that the dead man's name had been placed on the ballot before his death. This did not, however, affect the election, and the officers of the town were aware of the circumstances.

RESULTS IN COUNTY.
The results of the elections follow: Albany—Treasurer, Mrs. Laura A. Isom; town trustees, C. E. Marr, L. C. Green, H. G. Dean; town clerk, George W. Nickerson. Total vote, 518.
Hayward—Town clerk, J. D. Armstrong; treasurer, Ed Bass; town trustees, Perry, Robert Kolz, Frank Oliver, Sam Simons. Total vote, 1045.

Emeryville—City trustees, F. J. Stoor, J. L. Clark, J. W. F. Foulter; town clerk, W. A. Stebbins. Total vote, 310.
Livermore—Treasurer, L. H. Morgan; town clerk, D. A. Smith; trustees, T. E. Knox, William Rees. Total vote, 474.
Concord—Town trustees, E. J. Randall, Henry Bolt, Clark J. Smith; treasurer, F. W. Fokett; town clerk, Wayne M. Banger.

Walnut Creek—Town trustees, W. S. Burpee, Steven Dewing, T. J. Ford, J. G. W. G. Wolf; town clerk, Mary A. Ridgeway. Total vote, 518.
Piedmont—Trustees, H. W. Thomas, L. C. Wolf; town clerk, P. E. Howard; treasurer, H. W. Moore. Total vote, 553.
Pleasanton—Trustees, Crawford, L. A. A. B. Plakard, C. H. Schween; town clerk, W. A. Stebbins. Total vote, 527.

TO VOTE ON BONDS.
VALLEJO, April 11.—Vallejo will hold a school bond election shortly, and announcement is expected during the coming week of the exact amount needed by the Board of Education for an extensive system of school extension. New sites and buildings are desired and experts are at work on a budget of the school needs.

WET BY NINETY.
TRACY, Cal., April 11.—Tracy voted to stay wet yesterday by ninety majority.

TO CONTEST IMPERIAL.
IMPERIAL, Cal., April 11.—Imperial held a tumultuous election yesterday on the liquor question and, according to the count early today, the "wets" won by a majority of 17 votes. The election, however, is expected to be contested by the "dry" faction, as 65 voters have been challenged and more than 100 subpoenas issued for false registration. A number of voters were served with subpoenas immediately after they had cast their vote.

ONE WET, ONE DRY.
FRESNO, Cal., April 11.—Two towns in Fresno county voted on the wet and dry question yesterday.

Clavis, dry under city ordinance, adopted Wyllie local option law by 252 dry 153 wet. Sanger, dry under state law, elected a so-called wet board of trustees.

HANFORD IS DRY.
HANFORD, Cal., April 11.—Hanford voted dry at a special election yesterday, 1070 to 958. A heavy dry vote was polled by the women of the town. Hanford has been wet for the last two years. For the two years previous, the dries were in power.

WETS LOSE TWO.
SACRAMENTO, April 11.—The wets lost two cities as a result of yesterday's special liquor elections, according to returns received here today. Hanford and New-

ARSON GANG TRAPPED BY OAKLAND TIP

**The Efforts of Inspector
Kyle Leads to
Arrest**

**Paul Rates Is Held in
Chicago as Fire
Suspect**

It was through the work of members of the Oakland police department that the existence of the big arson ring which has been operating in the West for the past five years and which resulted in the arrest in Chicago yesterday of Paul Rates, of Richmond, was made known to the police of other cities.

The present developments are due entirely to the investigations of Inspector William F. Kyle in connection with the operations of August Mundt and his wife, Mary, whose case opened for trial in the Superior Court today. They are charged with having attempted to defraud an insurance company through claiming \$1877 fire insurance on property valued at less than \$300.

The Mundts were arrested on March 4, charged with having burned down the house in which they lived at 3229 Florida street. Kyle worked on the case and soon learned that Mrs. Mundt was the daughter of Rheinhardt Grauman, or Groman, Sr., of Los Angeles. He then learned that Grauman, with his daughter, Mrs. Mundt, and her husband, another daughter, Mattie Grauman, his son, Rheinhardt Grauman Jr., and Andrew Becker and his daughter, were members of an arson ring which had been operating in California, Oregon, Washington, California and Arizona for the past five years, causing fires on which they collected more than \$100,000 in insurance.

Kyle's information was sent throughout the West, with the result that the Los Angeles police placed Becker and his daughter under arrest for a fire in Watts. Los Angeles county, several months ago. Rheinhardt Grauman Jr. has been arrested in Edmonton, Canada, in connection with the same fire, and his father and sister, Mattie, are being sought on the same charge. The Mundts are said to have also been implicated in the Watts fire.

Mrs. Mundt, according to the local press, was the first head of the ring. Rates was also a member of the Grauman ring, according to the Oakland police. He is said by the Richmond police to have caused several fires in the oil city, and was known in Richmond as a wealthy young contractor.

Arthur Keetch, assistant District Attorney of Los Angeles county, is here seeking to obtain a confession from the Mundts. He has been unsuccessful, but claims to have secured affidavits from persons whose names he refuses to make known, which implicate the members of the ring.

**Sues Steamship Co.
for Fall in Tub**

SAN FRANCISCO, April 11.—The story of the first flooding of a steamer out of San Francisco for an accident on board was chronicled here today with the arrival of C. J. Hetching, head of the United States Coast Guard, in connection with the loss of the steamer Matsonia.

On the last trip of the steamer Great Northern Helching fell while taking a shower bath, suffering a broken arm. Reaching here, he labeled the steamer for \$15,000 damages.

Owing to the fact that the Great Northern was making its farewell trip to Hawaii at the time of the accident, it may be necessary for the company to take it off the present coast, run and send it on a special trip to Hawaii in order to permit the court and jury to make a personal inspection of the bathroom.

port Beach, both wet during the last two years, have turned to the dry column, Hanford by a plurality of 191 and Newport Beach by a plurality of 57.

Imperial, which was voted wet while the town of Clavis adopted local option.

HOLLISTER GOES WET.
SAN JOSE, Cal., April 11.—Hollister, San Benito county, voted "wet" yesterday at a local option election by a majority of 297, according to advices received here.

CAST 17 VOTES.
CORAM, Cal., April 11.—When the ballot boxes were turned up yesterday, it was found that all of seventeen votes had been cast in the municipal election.

C. W. Barker and N. B. Hall were unanimously elected city trustees. They will appoint two others to make a full board.

The election board of six sat for three hours to receive the seventeen votes. Coram is the smallest municipality in the State. It has money in its treasury and has never levied a cent of taxes since it was incorporated seven years ago. Saloon licenses pay all its bills.

PERRIS STAYS WET.
RIVERSIDE, April 11.—Perris was the only city in Riverside county on the liquor question. The town, which has been wet for a number of years, went wet by 35 majority.

Corona voted to close pool rooms on Sunday by a majority of 150.

SPECKELS WIN.
SAN DIEGO, April 11.—By a 3 to 1 vote Coronado citizens today have retained the John D. Speckels interests in control of city affairs. Opponents of the Speckels control went down to defeat at the election yesterday. They today declare fear that Speckels would throttle the little town made voters line up for him.

WOMAN IS MAYOR.
SAWTELLE, Cal., April 11.—Mrs. Ella F. Aldrich is the city executive here today. By a majority of fifty votes she was elected chairman of the city board, which is the office of mayor.

At a meeting next Tuesday it will be decided whether her title will be changed from chairman to mayor.

SAUSALITO RESULTS.
By a ballot of 623 to 425, Sausalito voted yesterday against the closing of thirteen saloons. The vote was an ordinance which would have reduced the saloons from eighteen to five. There were 1183 voters registered and 1088 votes were cast. The vote for trustees was as follows: J. A. Barker, 616; E. G. Coniglin, 618; M. C. Flores, 616; W. H. Stewart, 621; Charles Curran, 346; C. D. Nagin, 228. J. A. Ross was re-elected treasurer.

Speeding Not Confined to Rich Arrest Confesses to \$8 a Week

L. I. Becker, an Oakland youth, demonstrated that speeding, far less motoring, is not a luxury of the idle rich, when, following his arrest for exceeding the speed limit, he explained to Justice of the Peace John G. Mattos of Centerville yesterday that he earned only \$8 a week.

Recalling probably the jump in the price of gasoline the magistrate was anxious to learn how an auto could be kept on such an amount. Becker replied that he was merely driving a borrowed car. He was let off with an admonition.

Seven Oakland motorists, including R. J. McMullin, president of the State Savings Bank of Oakland, were among the alleged Sunday auto speeders, of whom seventeen appeared before Judge Mattos yesterday. The other alleged violators from Oakland were George R. Randall, Isabelle Weston, K. A. Hayes, L. F. De Fremery and J. P. Hall.

Leniency was shown by Judge Mattos to several of the violators in contrast to the stiff fines imposed last week. In only one instance was a heavy fine imposed and that was in the case of Myron Fay of San Francisco, who was fined \$40 for giving a fictitious name. Fay gave his name to the arresting officer as M. Kenyon. Alleged speeders from San Francisco were P. H. Burdette, George Habermacht, William Kimball, S. H. Siskind, B. F. Leary, F. Edberger and I. E. Levi. Other arrests were J. R. Kirkland of Woodland and Dr. M. Salter of Williams, Colusa county.

PACIFIC MAIL TO SAIL SEAS ON JUNE 17

**Announces Its Intention
to Resume Former
Trade**

The Pacific Mail Steamship company, which recently suspended its service, has announced that it had withdrawn from the ocean, will resume business June 17.

This word caused a sensation in shipping circles today. The announcement was made by John H. Rooster, manager for W. R. Grace & Co., which, with the American International Corporation of New York, now controls the old Pacific Mail.

A new fleet of vessels, which will fly the Pacific Mail flag, has been secured—the Ecuador, the Columbia and Venezuela. They were brought to this coast presumably for the Latin-American trade and the announcement that instead they would ply between San Francisco and Oriental ports was a great surprise. According to Rooster, if these steamers do a successful business, many more up-to-date crack liners will be built, and the United States flag once more will be firmly re-established in the Pacific.

An arrangement has been entered into whereby the Toyo Kisen Kaisha, which has sailings alternately with the Pacific Mail, the same as the Pacific Mail for the Far East every week.

TAFT & PENNOYER COMPANY

**Sport Shoes
At Popular Prices**

Ladies' tan Oxfords are shown in sport styles with elkskin soles, light in weight yet durable and in smart cuts for the early summer. Priced \$3.50 the pair

WOMAN IN COURT IN WILL CONTEST

\$200,000 Legal Fight Opened
in Fresno Before
Jury.

FRESNO, April 11.—In the Superior Court of this county today the suit of Mrs. Sarah Allen Hurd of San Francisco to have the order to probate the \$200,000 will of her father, Alfred Baird, revoked on the ground that her father's mind was poisoned against her by her brother, Benjamin Morgan Baird, now deceased, was started before a jury. The brother has been named executor of his father's estate.

Among the allegations made in the petition to revoke the probate of the will and codicil are:

That the instrument alleged as the last

U. S. Transport First to Carry Cane Sugar

HONOLULU, T. H., April 11.—The United States transport Logan sailed yesterday from this port en route from Manila for San Francisco, carrying 150 tons of cane sugar—the first stowage cargo of the kind ever carried in the United States from a Pacific port on a transport.

Will of Alfred Baird, filed for probate December 10, 1915, was made through undue influence exerted on the deceased by his son, Benjamin Morgan Baird, and by his wife, Mary Frances Baird.

That by false and malicious statements made by E. M. Baird and his wife that petitioner was untruthful and disrespectful to her father, and that she consorted with evil companions, and by other statements, poisoned the mind of Alfred Baird against the petitioner.

That B. M. Baird, shortly before the last alleged will was offered for probate, said that he would "poisonize her."

B. M. Baird, brother of the petitioner in the present action, died several months ago. The suit will be heard for probate practically disinherit Mrs. Hurd.

Theda Bara in Unique Role 'Gold and Woman' Her Play

SCENE FROM "GOLD AND THE WOMAN," IN WHICH THEDA BARA PLAYS.

Weird Story of Indian's Curse Is Told in New Photodrama

Theda Bara again stars as home-dwelling vampire in "Gold and the Woman" at the Republic.

The celebrated star who gains new laurels in "Gold and the Woman," the William Fox feature that opened at the Republic theater for a full week's run Sunday, is one of her new photoplays and is easily the best that she has offered in the vampire role.

The play tells of an Indian's curse, the potency of which becomes felt through four generations. Miss Bara is cast as a Mexican adventuress.

There is no doubt that "Gold and the Woman" is one of Miss Bara's best photoplays and for that reason will hold the boards for the entire week, in addition to a special feature show, that is full of life, from start to finish made up with plenty of good singing, dancing and novelty surprises a plenty.

Pennsylvania Women for Preparedness

PHILADELPHIA, April 11.—The Pennsylvania Women's Division for National Preparedness held a conference here today at the home of Mrs. George W. Childs, Drexel, president of the organization. Society women from all parts of the state attended and discussed preparedness.

A resolution was endorsed authorizing each chapter of the organization to use money pledged for the citizens' training camps to send young men to the camps from the city or town in which their chapter is located.

FINDS LEGAL FLAW.

NAPA, April 11.—When the case of A. Sark, charged with grand larceny in stealing quicksilver from the Actina mine, was called in the Superior Court the defendant's attorney attacked the information on the ground that there had not been proof in the preliminary examination as to who owned the stolen quicksilver.

RANCHER ON TRIAL FOR TRIPLE SLAYING

Louis Fortine Said to Have
Confessed Murdering
Family.

VENTURA, Cal., April 11.—Louis A. Fortine went on trial today in the Superior Court here charged with the murder, March 1, of Peter Furrer, his employer, Mrs. Furrer and their 10-month-old daughter, whose burned bodies were found in the ruins of their home which Fortine was alleged to have fired to conceal his crime. The triple murder, which he sought to conceal by fire, according to an alleged confession, was itself an effort to conceal the slaying of Furrer's name to a check for \$250.

The crime was traced to Fortine when neighbors, aroused in the night by the burning of the Furrer home at Ocean View, near Oxnard, found the charred bodies of the iron bar, with evidence that they had been fully clothed, although the fire was late at night.

Fortine's reported confession, made to Sheriff E. G. Martin and District Attorney Don G. Bowker the day after the killing, recited in detail the alleged successive crimes.

"Pete (Furrer) came to the barn yesterday morning," the alleged confession said, "I hit him on the head with an iron bar and killed him. Then I went to the house and killed Mrs. Furrer and the baby."

The baby, Fortine explained, was killed because he did not know what else to do with her.

"I went back to the barn," the confession continued, "took out the team and worked the field a few hours. I put the team in the barn and went to Oxnard and got the money for the check which I had sent in. I bought a can of kerosene and went back to the ranch. I carried Pete to the house and placed the bodies in bed and came back to Oxnard. In the night I walked to the ranch and set the house on fire."

There was other evidence connecting Fortine with the crime, including the finding of the iron bar where Fortine said he had put it.

When he was arrested there were threats of lynching and Fortine was taken to Santa Barbara and thence to Los Angeles for safe-keeping. While at Santa Barbara a medical commission appointed to examine him did so and pronounced him sane. He was given a preliminary hearing March 8 and held to answer to the Superior Court. He was arraigned March 11 and he entered a plea of "not guilty."

Ranch Hand Killed by High Power Wire

FORTERVILLE, April 11.—When a gas pipe was carrying a high-tension power wire at the Rogers & Moline dairy ranch, west of here, yesterday, Manuel Rogers was knocked unconscious into an irrigation ditch and drowned in three feet of water.

Employees on the ranch saw the flash when contact was made with the wire, but no investigation was made by them until a quarter of an hour later. Physicians were summoned from Forterville, but Rogers failed to respond to the use of a pulmotor. Rogers was 55 years old.

Grass Valley Mailmen Prove Good Walkers

GRASS VALLEY, April 11.—Walking speedometers recently attached to the legs of Grass Valley letter carriers, show that they walk an average of 18 miles a day. This is said to be far above the mileage usually required by the Postoffice Department. There are but two carriers to cover a very large territory, all of the central portion twice a day. Their average load is about 40 pounds. Application for a third carrier is pending at Washington.

SEEK OTHERS IN MINE THEFT GANG

Woman, Under Arrest, Silent
as to Suspected Ac-
complices.

SAN JOSE, April 11.—Ethel Allen of 328 Larkin street, San Francisco, alleged member of the ring which is believed to have stolen thousands of dollars' worth of quicksilver from California mines, has been formally accused of burglary by C. W. Ahy of the Quadelup mines. Other warrants were sworn out by the same man against Aaron Allen, John Doe Edwards, John Doe Clifton and John Doe Irish.

W. J. Dralschmeyer, detective for the district attorney, declares that he has a complete statement from Mrs. Allen, in which she admits her part in the affair, but denies that she took part in the active burglary, and says that four men

Public Has Right to Hear Criminal Trials

HELENA, Mont., April 11.—The state Supreme Court today decided that it is unconstitutional for a trial judge to exclude the public in any criminal case, under any pretext whatsoever, the court holding that the constitution guarantees every defendant a public hearing. The decision was rendered in the case of L. Louis Keeler, convicted of a statutory offense, in which certain persons were excluded from the court on the ground that the evidence was unfit.

Morgan Art Treasures Sold to N. Y. Dealer

NEW YORK, April 11.—About \$2,000,000 was realized yesterday at a sale of the late J. P. Morgan's collection of forty rare tapestries, which have been on view in the Metropolitan Museum. The purchasers were P. W. French and Company of this city. The sale, it is believed, in art circles, is another evidence of Mr. Morgan's probable intention of disposing of the \$50,000,000 worth of art treasures collected by his father. Already \$10,000,000 has been realized.

Silver Miners in Mexico End Strike

MEXICO CITY, April 11.—The strike of 3000 men in the silver mines of Guanajuato, which had been in progress for the past week, has been called off after an agreement between the operators and the laborers under which the laborers are allowed a reduction in price of cereals purchased at the company stores and improved working conditions. The strike was conducted without disorder and was settled after a conference between the American mine owners and the state authorities.
